ELECTRICAL STORM HERE BRINGS RAIN

The rain that came with the electrical storm from about 11 p.m. Wednesday until after midnight was welcome to farmers and gardeners but the lightning that accompanied it caused considerable damage.

Several hundred United Telephone Company subscribers had their service cut off, mostly by fuse trouble induced by lightning, while electrical power to parts of the community was cut off for nearly two hours.

The Straban substation of the Metropolitan Edison Company, a mile and a half north of here along the Harrisburg Rd., was knocked out by a direct hit and more than 100 customers, including WGCT and northeastern sections of the borough, residents along the Harrisburg and Biglerville Rds. had power cut off.

Power was rerouted to the affected customers in about an hour and 40 minutes while repairs were being made at the substation. Lightning affected a few MECO customers at a half dozen or more points in the county.

The Adams Electric Cooperative reported only minor damage. Rainfall at The Gettysburg Times weather station measured at 63 hundredths of an inch, making it the heaviest rain here since May 2. It brings the month's total to date up to 1.97 inches, approximately an inch short of normal.

The Mehling farm where lightning set fire to a mattress stored in the attic is less than a quarter mile southwest of the substation that was knocked out of service by a bolt shortly before midnight. The Mehling fire occurred soon after 7 p.m.

FIREMEN FIND FIRE IGNITED BY LIGHTNING

There was no fire in sight but because firemen smelled smoke a major fire may have been averted Wednesday evening at the Godfrey Mehling farm along the Harrisburg Rd., just north of the Horse 'N' Buggy museum.

Firemen were called to the Mehling farm about 7:30 o'clock when lightning struck a pole beside the house and sent sparks showing.

There was a smell of smoke when firemen arrived. A search of the house failed to locate a fire but firemen waited awhile to see what developed.

As the firemen were about to depart, some noted the odor of smoke appeared to be growing stronger and finally a fire was located, smoldering in a mattress in the attic. Sparks from the lightning blast apparently had somehow entered the house and ignited the mattress. Damage was estimated at \$50.

The alarm also confused a number of persons because fire trucks seemed to come from all directions enroute to the blaze. The firemen had been in various sections around Gettysburg conducting their annual solicitation for funds when the alarm sounded. Given radio reports of the alarm, the truck drivers gathered the men with them, then took off to the fire.

About an hour later, at 8:43 o'clock firemen were summoned to a blaze on the Robert Wagner farm. Firemen found that Wagner was burning a large pile of trash. Neighbors, unable to see the trash pile because of the barn, had thought the barn on fire. Firemen reminded Wagner of the state law prohibiting burning after dark and put out the blaze.

LIM BOARD PREPARES FOR ANNUAL MEET

Sixteen members of the board of directors of the Lutheran Inner Mission of the West Pennsylvania Conference met at St. James Lutheran Church here to formulate the agenda, reports and recommendations to be presented to the 7th annual board of control meeting on June 18.

That meeting is held annually at St. Paul's Lutheran Church, Carlisle, at 8 p.m. The board of control consists of the pastor and two representatives from each of the 80 congregations in the five-county area of the West Pennsylvania Conference. The board of directors is elected from the larger body to carry out its responsibilities during the year.

The Rev. Dr. Paul L. Reaser presided at the meeting here. The finance committee submitted the proposed budget for 1963 which was approved by the board of directors for submission to the board of control for final approval. The board directed that quarterly statements should be sent to the constituent congregations.

RECOMMEND HOME
The Rev. Maynard Barnhart, chairman of the older persons committee, reported on the activities of his committee. Their recommendations were approved. (Continued On Page 3)

Ex-Governor Fine Freed Of Tax Evasion Charges

By JACK LYNCH

LEWISBURG, Pa. (AP) — John S. Fine, Republican governor of Pennsylvania from 1951 to 1955 and a prominent figure in the 1952 GOP presidential convention, was acquitted by a jury Wednesday night of charges of evading \$38,446 in personal income taxes for the years 1953-56-57.

The U.S. District Court jury of nine men and three women also returned an innocent verdict for co-defendant Donald P. Morgan, 50, of Malver, brother of Fine's deceased first wife, who had been charged with preparing the allegedly false returns. Fine dabbled at times behind sun glasses when the verdict was returned, ending a 10-day trial.

FACES ANOTHER CHARGE

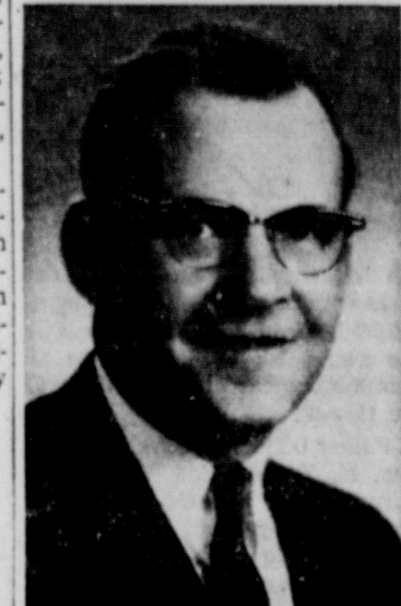

The 69-year-old Fine, however, still faces charges in connection with the alleged evasion of more than \$20,000 in 1957 corporate taxes of the Newport Excavating Co., a Nanticoke, Pa., coal firm in which he held a one-third interest. He was also its general counsel.

Fine gained national prominence in 1952 when, before a nationwide television audience, he withheld Pennsylvania's votes in Republican convention balloting for presidential candidate nominees Dwight D. Eisenhower and Robert A. Taft. He was Pennsylvania's 100th governor and the last Republican to

College Shares In \$43,000 Steel Grant

Gettysburg College is one of the Pennsylvania colleges and universities that will share a \$43,000 aid-to-education grant, Leslie B. Worthington, president of U.S. Steel, said today.

The grant is part of nearly three million dollars being given this year by the Steel Foundation. Seven hundred fifty-three colleges and universities and 30 related educational organizations will share in the foundation's 1962 aid-to-education program. In most cases, the recipients will apply their grants to faculty and staff salary needs, improved administration and for special teaching needs.

ARTS, CRAFTS EXHIBITS AT BHS ON FRIDAY

The arts and crafts exhibit which will be held in the Biglerville High School gymnasium on Friday evening from 7 to 10 o'clock will feature displays from the fine and practical arts department of the school. The display is open to the public and admission will be free.

The home economics department will have a fashion show with girls modeling clothing which they made for themselves. The girls also will display many crafts, a few of which are copper enameling, knitting and hand-painted trays.

The art department will feature a fine arts display of oil paintings, water colors and pastels. The students will also show work they have done in graphic arts and will display work in silk screening, block printing, line prints and bookbinding.

Craft work such as ceramics, sculpturing, enameling, jewelry making, copper tooling and papier-mache will supplement the other displays.

The industrial arts department will show many arts which can be used around the home and the use of simple tools. Furnishings to be displayed will include desks, chests, beds, tables, coffee tables, hammered copper, brass bowls, wall shelves, chests of drawers, picnic tables and ash trays. Many other miscellaneous articles also will be shown.

A special foundry display will feature green sand molding, a pattern and a wrought casting which will be transformed to the finished product.

A series of tests made on many wood finishes to test their durability will be shown.

HARBAUGH TO QUIT POST AT KNOUSE FOODS

C. William Harbaugh, Biglerville, has resigned his position as merchandising-advertising director of Knouse Foods Inc., Peach Glen, to form a dual-service marketing communications agency with headquarters in Adams County. The announcement was made today by M. E. Knouse, president of Knouse Foods Cooperative.

"Mr. Harbaugh came to Knouse Foods to direct our advertising program for Lucky Leaf products beginning September, 1957. Because of our favorable experience with Mr. Harbaugh's work, we are happy to become his first client in his new venture."

A graduate of the University of Kentucky with the B.A. degree in Journalism and Advertising in 1948, Harbaugh joined the advertising staff of The Gettysburg Times that same year. In 1954, while with The Times, he was awarded the David Knipe Memorial Award presented by the Interstate Advertising Managers' Association for the best newspaper advertising campaign of 1953.

WGCT WILL BE CITED BY VFW FOR SERVICE

Radio station WGCT will be presented with a citation for its public service by the Gettysburg VFW post, the members decided at a meeting Wednesday evening at the post home on E. Middle St.

The citation, to be presented at the June 27 meeting of the post, is based on the station's "outstanding service to this and the surrounding communities during the storms of the past several winters."

Joseph Sanders, chairman of the clothing drive conducted by the VFW to secure garments for needy persons in the U. S., announced that "clothes are still coming in and the amount on hand is huge." The clothing is to be taken to York in the near future for shipment to various distribution points.

Plans were announced by Commander Robert B. Swisher for the 21st District convention to be held June 3 at the West York VFW post and the 43rd annual Department of Pennsylvania convention to be held July 11 to 14 at Philadelphia.

Delegates to the conventions are: Eugene Miller, Charles Moser, John E. Kerrigan, Ira Bollman, Charles Buckley, Norman Myers, John Murray, Joseph Sanders, W. O. Powell and John Rummel.

Elected as alternates were Patrick McDermitt, Richard Knox, Bernard Murray, Lawrence Grot, Armond Prosper, Arthur Parr, Wayne Asper, William Orner, Raymond Strohm and John Maslowski.

DEMOCRATS PREPARE FOR CAMPAIGN

An estimated 600 Adams County Democrats gathered Wednesday evening at the New Oxford High School auditorium for a briefing on accomplishments of the Leader and Lawrence administrations as a preparatory step toward winning votes for their party at the November election.

Adams County Democratic Chairman Fred G. Klunk presided at the meeting and said it was one of the first in the state of a series of 100 or more similar gatherings to be held in all parts of Pennsylvania this summer.

The principal speaker was State Auditor General Thomas Minehart who discussed a 20-point program described in state party brochures distributed to the crowd on the subject of Democratic accomplishments under the last two governors.

Chairman Klunk announced plans for a vigorous campaign in Adams County, said there will be more meetings and that plans are complete for an early drive for new registrations. Special committees on registration have been selected and Mr. Klunk will go to the county commissioners with a request for special registration facilities, including traveling registrars.

Attorney Eugene Hartman, the Democratic nominee for the General Assembly from this county, spoke briefly.

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) — Astronaut Malcolm Scott Carpenter successfully orbited the earth three times today and then — after a harrowing 35 minutes when it was not known whether he had survived the re-entry — he was sighted sitting in a life raft in the Atlantic Ocean.

A Navy P2V Neptune bomber flashed the word that Carpenter apparently was all right after spotting him in the raft some 135 miles northeast of Puerto Rico. Floating nearby was the Aurora 7 spacecraft which had carried him three times around the globe in 4 hours and 56 minutes at 17,532 miles an hour.

OVERSHOTS AREA
The capsule overshoot its intended landing area by 200 miles and Carpenter apparently decided to leave it and wait out recovery in the one-man inflatable life raft which he carried aboard the capsule.

The Neptune reported it was circling the raft and said that Carpenter was "sitting upward." There was no immediate report on his condition, but the plane said he appeared to be okay. When the Navy plane first reported sighting the 37-year-old Navy lieutenant commander in the sea, an obviously relieved and happy Lt. Col. John A. Powers, Mercury spokesman, reported to newsmen:

SEND RESCUERS

"A Navy P2V Neptune has reported sighting the spacecraft floating in the landing area. Along side it was a life raft, and sitting in it was a gentleman named Carpenter."

An Air Force air rescue service plane reached the area at 1:40 p.m. (EST) and prepared to drop two para-medics into the water to assist Carpenter if necessary. Meanwhile, two twin jet helicopters were dispatched from the aircraft carrier Intrepid, which was stationed in the intended drop zone 200 miles away.

The Virgin Islands Coast Guard said Carpenter had no apparent problems.

"He waved as the plane passed over," the Coast Guard said.

Carpenter performed his triple circuit of the globe in a masterful display of cool courage.

The surface of the balloon was divided into five different segments, each with a different color — orange, white, silver, yellow, and a blue-green phosphorescence which glows at night.

The test will determine which colors man can best sight in space and may aid in selecting colors for vehicles which spacemen may have to approach and rendezvous with for future flights to the moon.

UNLOOSES DISCS
As the balloon inflated, it unloosed a shower of small aluminum-coated plastic discs which were packed in the folds. Carpenter observed and photographed these confetti-like particles to study the behavior of these known objects in space. The purpose was to see if they created a "firefly" effect reported by both Glem and Soviet cosmonaut Gherman S. Titov on their orbital flights.

As he approached the west coast of the United States, Carpenter reported seeing some white objects streaking past his capsule. From his description they apparently were not the same objects reported by Glenn and Titov. From the moment of blastoff here, the astronaut reported he was feeling fine.

USES MANUAL CONTROL

As Carpenter was propelled upward by the powerful force of his Atlas booster, he reported by radio, "My condition is good." Minutes later, Carpenter's Aurora 7 space capsule settled into the planned orbital path more than 100 miles above the earth — following the same trail blazed three months ago by John H. Glenn Jr. (Continued On Page 8)

CANCER FUND IS GROWING

The Adams County Cancer Crusade has not only met its specified goal of \$10,500 but has gone about \$1,000 over that figure, with some small amounts still coming in from captains over the county.

Hamilton Twp., Mrs. Clark Spence, captain, turned in \$299 and will have more. Mrs. Spence set up the work in that section and upon her being hospitalized, her daughter, Miss Sandra Spence, took care of it. N. T. Washburn, New Oxford captain, has collected an additional \$88 and Lower Huntingdon Twp., Mrs. B. J. Fadenrecht, captain, collected \$99.30. Amounts are still coming in from people missed in the residential crusade, as well as from some businesses and clubs and organizations. While the official crusade ends this week contributions sent to either of the county chairmen will be given the proper credit.

A letter from John Shoemaker, state chairman of the Cancer Crusade, to Mrs. Guyon E. Buehler, county chairman, expresses the appreciation of the state organization for the "excellent work" by the Adams County workers.

The workers in New Oxford were Richard Higinbotham, Janie Washburn, Mrs. William Stock, Mrs. N. T. Washburn, Mrs. E. Cashman, The Lower Huntingdon workers were Mrs. Frank Sowers, Mrs. Ralph Sloan and Mrs. Earl Lewis.

Wedding

Rhodes-Henry

The marriage of Miss Catherine Charmaine Henry, Hanover, daughter of Mr. and Mrs. Alvin R. Henry, East Berlin R. 2, and Carl Joe Rhodes, Hanover R. 1, took place Saturday at 9 a.m. in St. Joseph's Catholic Church, Hanover. The Rt. Rev. Msgr. Charles E. Park was celebrant at the Nuptial Mass and performed the double-ring ceremony. The bride wore a full length gown of Chantilly lace and tulle. Mrs. Joyce Henry, McSherrystown, her sister-in-law, was matron of honor. Miss Audrey and Miss Suzanne Kuhn, Hanover, cousins of the bride, were junior bridesmaids. The flower girl, also a cousin, was Sharon Kuhn, Hanover. James Henry, McSherrystown, brother of the bride, was best man. Ushers were John Crane and Virgil Rhodes. Ross Rhodes, the bridegroom's nephew, was ring bearer. About 400 guests attended a reception at the McSherrystown Fire Co. hall. The couple will reside at East Berlin R. 2. The bride attended Delone Catholic High School.

Toss Firecrackers; Pair Is Captured

Two Hanover young men have been arrested by state police charged with throwing "cracker balls" at a passing car on the Lincoln Highway.

Police said Joshua J. Pennington, 34, Gettysburg R. 5, was driving toward New Oxford on the Lincoln Highway when a handful of the "cracker balls," a type of firecracker, was thrown from a westbound car. Some exploded on the windshield of the Pennington car, some inside it. Police said Pennington turned his auto around, gave chase and eventually caught the youths near Armistead's 5 and 10. Pennington secured the names of the two.

Police said they are bringing charges in juvenile court against a 16-year-old Hanover boy and before Justice of the Peace Robert P. Snyder against Dennis Lee Herman, 19, Hanover.

GHS Seniors Going On Washington Trip

Four bus loads of Gettysburg High School Seniors will leave next Monday morning and will return early the next morning from their class trip to Washington, D. C.

Their itinerary there will include the National Art Gallery, Smithsonian Institution, a tour of the capitol building, Arlington National Cemetery, the Washington International Airport and dinner at Holgate's on the waterfront. There will be a four-hour moonlight cruise on the Potomac.

Faculty members who will accompany the students will include Miss Nancy Kirk and Elmer H. Schriver, class advisors; Mrs. Donald Bickel, Paul Grove, Kenneth Hays, Paul Mehning and Miss Louise Ramey.

BRINGS PAIR OF JUVENILES BACK FROM N.Y.

Chief of Police Jack Bartlett was enroute home today from Oswego, N. Y., with two Gettysburg juveniles charged with stealing the convertible car of Jay Sheffield, 47 W. Middle St., Tuesday night.

The youths, one aged 15 and the other younger, were described as among the group brought before police when they attempted Tuesday night to "borrow" once again the car of Dale F. Bowling, Gettysburg R. 2.

The youths had secured Bowling's car from Baltimore St. Monday night, went for a drive, were chased by Bowling and Wilmer "Jake" Dracha in Dracha's car, outran the men, and parked Bowling's car behind the American Legion home and disappeared.

TOOK ANOTHER CAR

Tuesday night Bowling again parked in the Baltimore St. area. A watch was kept and when four boys appeared "fooling around the car," police were summoned and nabbed them.

During interrogation the boys admitted to taking the Bowling car and also admitted taking the car of Thomas Kranias, 50 W. Middle St., earlier this month. The youths were then sent to their homes pending further investigation.

When the car of Sheffield was reported stolen Wednesday morning, police suspected the youths. They found two had gone home. Two were missing.

Thursday evening police at Oswego, N. Y., called the police office here and reported they had taken into custody the two Gettysburg youths and the stolen car. Bartlett was then dispatched to bring the two back.

MEMBERS OF CUB PACK 160 GIVEN BADGES

Rain Wednesday night washed out a planned sail boat regatta here.

The boats were models, built by members of Cub Pack 160, sponsored by Christ Lutheran Church. The site for the regatta was to have been the pond on the A. W. Butterfield farm along the Biglerville Rd.

Boys, boats and parents were all assembled at the church ready to go to the pond to test the seaworthiness of the models when the rain came. A quick change was made in plans and the monthly Cub Pack meeting was held at Christ Lutheran Church.

At Heikinen led the pledge of allegiance, Drew Gillan and Dennis Hankey were presented with the Bobcat badge; Teddy Wentz received the Wolf badge. John Zeigler was advanced to Bear rank, Mike Angiolis was introduced as a new member of the pack.

PRESENT SKIT

Den mothers prepared a skit which the Cubs portrayed. The Cubs impersonated clothing hanging on the line having a conversation about the people they saw. It was decided to stage the regatta at the June 27 picnic meeting.

At a meeting of the parents and committee it was decided to continue activities during the summer on a twice-a-month basis to include fishing trips with the fathers, ball games, etc.

"THE SOIL IS GOOD"

The soil is good and will produce... if people treat it well... if handled gently Mother Earth... has wondrous tales to tell... the very essence of this life... stems from within the earth... the ground we walk upon is full... of power to give birth... our food and shelter are derived... from land blessed by the Lord... but we must toil in order to... partake of its reward... each time I leave the city streets... in search of peaceful rest... I tread the lanes that are a part... of nature's godly breast... while there I drink the fullness of life... the earth on which I stand... and I'm convinced beyond all doubt... it's beautiful and grand... then to my mind there comes a thought... about the precious sod... the soil is filled with promises... to be fulfilled by God.

And the committee, scheduled to lose three den mothers, made a plea for women interested in being den mothers or assistant den mothers to call Cubmaster Russell Schwartz or committee chairman Robert Weiland.

When an individual realizes he is putting a solid financial foundation under his home, his family and his children's prospects, buying Saving Bonds becomes an extremely personal thing.

He has been elected vice president of the student body for next year. Carol is completing her Freshman year at Shenandoah Junior College, Winchester, Va. She plans to enter Shepherd College, Shepherdstown, W. Va., in the fall and major in merchandising, marketing and advertising.

STOCKS GAIN

NEW YORK (AP) — A brisk technical recovery put the stock market somewhat higher early this afternoon after two straight days of sharp decline.

The Associated Press average of 60 stocks at noon was up .70 at 232.50 with industrials up 1.80, rails unchanged and utilities off .10.

Gains of fractions to a point or so prevailed among most key stocks but scattered losers robbed the advance of much conviction. Steels, motors, oils, chemicals, tobaccos, electrical equipments and mail order-retails were mostly higher.

WASHINGTON (AP) — The Army reported Wednesday subordinate commands for its new over-all combat development organization included the Army Institute of Advanced Studies at Carlisle, Pa., barracks.

The Army announced the locations of the various elements of its new material and Army combat developments under an overall reorganization program.

LIM BOARD

by the board of directors for submission to the board of control. Rev. Barnhart reported that his committee has completed its survey of the needs of the older persons of the conference and has recommended that one home be constructed in the near future to serve the 80 congregations of the West Pennsylvania Conference geographical area. The location, size and facilities for the home are under consideration.

The Rev. Cedric Tilberg, of the Board of Social Missions of the Central Pennsylvania Synod, discussed the operational procedure of the Lutheran Inner Mission program after the merger of the United Lutheran Church in America with three other Lutheran bodies effective next January 1. This program will be known as the Social Ministry of the Church. Rev. Tilberg emphasized that while some of the administrative channels will change, the operational procedure at the local level will remain much the same as at present as the synod endeavors to serve the needs of local congregations.

Mrs. Henry T. Bream, executive, told the board of directors that 21 new referrals had been received in the last two months including nine family situations, four involving aged persons, one adoption application, five transients. Seventy-five families were served during the 2-month period in Adams, Cumberland, Franklin, Fulton and Perry Counties. Mrs. Bream, serving the dual capacity of administrator and social worker, and the casework aide, Mrs. Bonnie Wysocki, travelled 1,731 miles to perform these services. The board is seeking to employ immediately for three to four months a social worker to assist with the casework services in any of the three centers, Gettysburg, Chambersburg and Carlisle, served by the LIM program.

TWENTY YEARS AGO
School Budget Keeps 20-Mill
Tax: Adopting a \$115,950 budget for the 1942-43 school year based upon a continuation of the present 20 mill tax rate, Gettysburg school directors voted salary raises of \$100 or less to the principals at the four school buildings, the janitorial staff and listed mandatory pay increases required under the state law for nine high and elementary teachers.

Two Named To Seminary Staff:
The annual meeting of the Board of directors of the Gettysburg Lutheran Theological Seminary named Dr. Jacob M. Myers as professor of Hebrew, Old Testament literature and theology, a chair not filled since the retirement of Dr. Herbert C. Allen, and the election of Dr. Bertha Paulsen as an instructor. Miss Paulsen will be employed as an instructor in sociological subjects for the first half-term. Her services may be continued for the remainder of the year, it was indicated. The Board announced its approval of the purchase of the Plank property along Buford Avenue by the Seminary in a program of grounds improvement. The property committee announced that contemplated plans for the extensive remodeling of the present administration building had been put off for the duration of the war.

YWCA Committees Announced:
Committees to handle the affairs of the YWCA during the next year were announced this week. Chairman are as follows: Finance, Mrs. Lila Craig; Personnel, Mrs. Abdel Ross Wentz; Rotary, Mrs. Norman W. Storrick; Library, Mrs. Milton Plank; Expansion, Mrs. George R. Larkin; House, Mrs. A. H. Barr; Membership, Mrs. Anna Plank; Girl Reserves, Mrs. George Forney.

Teacher Elected: Arthur M. Gordon, Gettysburg R. D., a graduate of Gettysburg high school and Gettysburg College, has been elected to a teaching position in the public schools of Freedom Township. He will fill the position caused by the resignation of Miss Jean Biggs, Orrtanna, who was elected to a position in the Gettysburg schools.

Anniversary Of Pope Observed:
Here: Children of St. Francis Xavier Catholic School presented a program as a tribute to the Holy Father, Pope Pius XII, in commemoration of the twenty-fifth anniversary of his consecration as bishop. Bishop Leech granted the children a holiday today in celebration of the anniversary.

Goes Bankrupt In Scrap Metal:
Bill Ziegler, 11-year-old son of Mr. and Mrs. C. T. Ziegler, Springs avenue, was in but is now out of the scrap-gathering-and-selling business. His contribution to the war-effort was a total loss—in fact it bankrupted him. Bill read about the scrap-gathering plan as a war effort and decided he'd do his bit. He browsed about the Ziegler home looking for something he could sell in the attic after some hours of search he found a whole stack of discarded curtain rods. "That's scrap," said Bill to himself. He made two large bundles and huffing and puffing lugged them to the backyard. Transportation was a problem but Bill solved that by renting a friend's wagon—he paid five cents for that. It required two trips to the junk dealer. On the second trip a wheel broke and Bill spent some time repairing it. Finally he got his junk to the yard—but Bill lost. He received four cents. Bill Ziegler is now out of business.

Beautiful Seminary Chapel Is Dedicated:
Dr. Abdel Ross Wentz, president of the Gettysburg Lutheran Theological Seminary, dedicated the new Seminary Chapel to "the glory and honor of Almighty God and to the service of His Holy Church" at impressive services conducted in the new edifice on the Seminary

Today's Talk

EDUCATED IN LIFE

I have talked with the most learned of men and women. I have often marveled at a quick and clever brain, trained to the minute. But I have often left many such a person with the feeling that I have left an ignorant person in the art of living. A knowledge of books, art, science, or business does not necessarily fit one for understanding life.

One must come to know life first of all. Then the other things are given a background.

When we know much of life, we know much of our friends. Human nature is a barometer of life.

We learn to be very forgiving, very tolerant, very kind as we look into the many mysteries of life and see therein so many of that which gives us understanding and knowledge.

All mothers and fathers should take their boys and girls into their confidence. In time they will learn much through bitterness which should have been learned through a sweet and beautiful honesty.

Sooner or later every boy or girl who thinks will come around to thinking things out naturally, provided he or she has been thoughtfully guided by a fine and true mind.

First impressions live longest. So it is very important that these impressions be acquired under normal conditions.

Fear makes so many cowards of us all. The flower of the field always looks so happy to me. I think it is because all its friends about it are so frank and open—honest neighbors always.

Tomorrow Mr. Adams will talk on the subject: "When To Think"

Just Folks

ON THE STREAM

These are things on which to ponder:
That white patch of cloud off yonder
And that brook, so swiftly running
And so mad to reach the sea;
Crows and kingbird up there
And that hatch of flies just starting

Where at breakfast or at supper
Hungry trout are bound to be.
Oh, there's much to keep man busy

Song of cardinal. Where is he?
What a world for man to live in
With so much of charm to see!
Can man fashion finer churches
Than a grove of silver birches
Or find any place where worship
Of the Lord could holier be.

I just said: "I'm going fishing!"
What I meant was: going wishing,
Going dreaming, going thinking,
Going out to hear and see,
Going out to view life's drama
In one glorious panorama
And discover countless marvels
Which the city hides from me.

Campus. The throng of high officials of the Lutheran Church, scores of Lutheran pastors and hundreds of church leaders and members from a wide area of the eastern United States overflowed the Chapel building's 550 seats to the building's basement and the shady campus where a loud speaker carried the services. The dedicatory sermon was delivered by Dr. Frederick H. Knobel, an alumnus of the Seminary and president of the United Lutheran Church in America. The new \$150,000 edifice, topped by a glistening 132-foot porcelain-surfaced spire that is surmounted by a golden cross eight feet high, was dedicated as "The Evangelical Lutheran Church of the Abiding Presence." The cornerstone was laid by Dr. Wentz September 25, 1940, the day of his inauguration as president of the institution. Following a ceremonial service in the old chapel Dr. Wentz conducted a brief ritual at the door of the new chapel and then opened wide its ample doors with the words "Peace be to this house and to all that enter therein." The Gettysburg Times said of this "Symbol on Seminary Hill": "One needs but to turn back the pages of memory to a scant seventy-nine years ago and reflect on what was taking place on the site of the present chapel. Embattled armies in Blue and Gray were engaged in a bitter strife and thousands of lives were sacrificed on the field of battle. Now, on that self-same site, stands a House of Divine Worship where the word of God is pre-eminent and above all things. Gettysburg's Seminary has lived through one hundred and sixteen years—through three wars and it will survive the present fourth internecine struggle. The new Chapel will forever stand as a beacon for Good on Seminary Hill—a symbol that, so long as men breathe, the preachings of the Gospel of Christ will go forward."

Says State Constitution Hinders Economic Progress

HERSHEY, Pa. (AP)—Pennsylvania's 88-year-old Constitution has put "a straightjacket" on industrial progress in the Commonwealth, says Richardson Dilworth, Democratic candidate for governor.

"This perfectly ridiculous Constitution has served as an impediment to attracting new business to Pennsylvania," Dilworth declared Wednesday in Hershey.

He spoke at a session of a public affairs conference sponsored by the Bell Telephone Co. of Pennsylvania.

Earlier in the day, Dilworth's Republican counterpart, U.S. Rep. William W. Scranton, addressed the conference on foreign affairs.

ALL NONPARTISAN

Both candidates were asked to keep their speeches nonpartisan. Dilworth called on the next governor of the state—no matter who he may be—to try and change the state's Constitution which was drawn up in 1874.

Dilworth was particularly critical of the document's provisions for courts, legislative reapportionment, county offices and finance.

Noting that the Constitution calls for legislative reapportionment every 10 years, but carries no provision for enforcement, the former Philadelphia mayor declared:

"Maybe we ought to propose that state legislators don't get paid unless they reapportion every 10 years. I think we might get something done then. I think we may have to do something like that."

NOT ANY POLICY

Later, he told newsmen that his remark was just a thought, and not a statement of policy. The Senate, he noted, has not reapportioned since 1921.

He also proposed that the next governor call a constitutional convention—without asking approval of the voters—to rewrite the basic law.

Scranton said there are Chinese Nationalist troops in northern Thailand which could give the Communists an excuse to move into that nation now defended by U.S. forces.

His remarks created somewhat of a stir in Washington. The U.S. State Department issued a statement in which it played down the role of the United States in the tense Southeast Asia situation.

Scranton and the department also differed on the number of Chinese troops in Thailand. Scranton said 4,000, the State Department said considerably less.

Want Safeguard Of President Power

PITTSBURGH (AP)—Joseph T. Owens of Pittsburgh Plate Glass Co. demanded Wednesday continued safeguards against the amount of power President Kennedy would receive under his foreign trade expansion plan now before Congress.

Owens, vice president, general counsel and secretary of the firm, also urged Congress "not to abdicate this power."

Addressing the 16th annual Pittsburgh World Trade Conference, Owens said the expansion plan "is the most effective brainwashing job ever done by the Administration in this field."

"The damage to the U. S. economy may be greater than pictured by the Administration," Owens added.

An assistant secretary of state for economic affairs, G. Griffith Johnson, told the session that "flexibility as well as increased authority" is needed for U. S. trade negotiators to move quickly.

DELEGATES OF VFW CHOSEN

Delegates to the state convention were appointed at the semi-monthly meeting of Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, Tuesday night at the post home, W. King St. The convention will be held July 11-14 in Philadelphia and the delegates will be Charles F. Bridger, Earl J. Weaver, James Kuhns, Bernard Kuhns, Edgar W. Wisotzky, Elmer W. Gail, Clyde H. Rohrbaugh and Commander J. Harold Bancroft.

The session was in charge of Commander Bancroft, who announced that Ira Bollman, Aspers, will be at the post home on Monday from 6 to 9 p.m. to assist anyone with questions concerning social security, civil service or the veterans administration. Three new members were enrolled in the unit: Ivan Miller, Bernard Storm and James L. Rhoades. A donation of \$50 was voted for prizes for the science fair held recently at the Littlestown High School. The VFW will participate in the community Memorial Day parade and service on Monday evening. Meetings during daylight saving time will begin at 8:30 p.m. and the next session will be held Tuesday, June 12.

PLAN CAMPOREE

Preparations were made to participate in the Black Walnut District Camporee at the meeting of Explorer Post No. 84 held on Monday evening at the Community Center. The camporee will be held this weekend at the Littlestown Fish and Game Farm, near town. The Explorers will go to the camp site on Friday evening and remain for the closing of the camporee at 2 p.m. on Sunday. To be followed immediately with the charter presentation ceremonies for Post 84, Boy Scout Troop 84 and Cub Pack 84. All units attending the camporee are invited to attend the charter ceremonies. For the camporee, there will be cooking by the post, but each Explorer should take his own bedding and personal articles.

Each evening this week, the Explorers have been busy repairing the post canoes in preparation for the trip to Canada June 16-30. Registration to go on this trip must be made no later than Saturday with the associate post advisor, Charles Mummert, who is in charge of arrangements for this trip.

Post 84 will sponsor a Buddy Deane Record Hop on Thursday, May 31, from 8 to 11 p.m. in the Maple Ave. School auditorium. Tickets may be secured from any Explorer or at the door.

The Starr Bible Class of St. Paul's Lutheran Church will meet at 7:30 o'clock this evening at the church. The meeting has been advanced from Ascension Day, May 31.

"MY FAIR LADY" ENDS

NEW YORK (AP)—The musical "My Fair Lady" ends its record-breaking Broadway run July 7. The definite closing date was set Wednesday by producer Herman Levin. Since opening March 15, 1956, the show will have played 2,621 performances, been seen by 3½ million people and grossed almost \$20 million.

PIAA MEET TO BE HELD SAT. AT PENN STATE

UNIVERSITY PARK, Pa. (AP)—Hundreds of schoolboy athletes will invade University Park this weekend to match skills in the annual PIAA golf, tennis and track and field championships.

The golf and tennis matches will be held Friday and Saturday, while the track and field competition will be run on Saturday, only.

In golf, 36 holes will be played Friday, with the 24 lowest scoring youngsters qualifying to play in the 18-hole final Saturday morning.

Headlining the list of schoolboy golfers is young Bruce Frace of Lancaster who finished sixth in last year's playoffs.

Also on hand will be Dave Bartholomew of Bethlehem, who finished 11th in 1961, Joe Arasin of Coatesville, 13th last year, and Tony Greenfield of Lower Merion, 14th in 1961.

A total of 60 youngsters from 12 districts will compete in the 12 events matches.

TWO-DAY AFFAIR

The tennis competition also is a two-day affair, with defending singles champion Jack Waltz of Mount Lebanon rated as top seeded.

Eleven youngsters are entered in the singles competition, including Waltz and 1961 runner-up William Brelinger of Wyomissing. Twenty-two schoolboys will compete in doubles play.

In the track and field competition only two defending champions are back. They are Wayne Sink of Laura Lamar who set a new Dist. 6 Class B record last year running the 100 yard dash in 10.1 seconds, and Ken McCloskey of Harrison who set a new Class A record in 1961 running the mile in 4 minutes, 27.7 seconds.

Says Oakmont To Be Tough Course

OAKMONT, Pa. (AP)—"She's a monster," Arnold Palmer said after coming to friendly grips with his next major golf antagonist—the Oakmont Country Club.

This piece of real estate nestled in the western Pennsylvania hills is the site of the 62nd National Open championship June 14-16. Palmer drove the 42 miles from his home in Latrobe, Pa., to play the course for the first time in four years.

"She's going to be awfully tough," golf's leading money winner and prime tournament favorite said after a scrambling 18 Wednesday. "I'm having to revise my estimates. Originally, I said 275 would win the open here. Now I believe it'll be nearer 280."

Palmer toured the 6,916-yard, par 71 layout with his professional father, Milfred (Pap) Palmer and two Latrobe neighbors, Harry Saxman and Ken Bowman.

"I didn't keep a score but I must have shot an 80," he said afterward. "I'll play it again later this week more seriously. I should get a better idea then."

Senate Probers Question More Than 1,000 In Estes Scandal; More Face Quiz

By G. MILTON KELLY
WASHINGTON (AP)—Senate investigators disclosed today their agents have questioned more than 1,000 persons in the widening Billie Sol Estes case.

And, said the informant, many more will be questioned before the Senate Investigations subcommittee is ready to start its hearings into whether Washington influence helped Estes build his rickety business empire.

The report came after President Kennedy related at a news conference Wednesday that the FBI has moved into the investigation of the mysterious death of Henry Marshall, a Texas farm official, shot to death a year ago while checking into Estes' dealings under the government cotton program.

Kennedy related at a news conference Wednesday that the FBI has moved into the investigation of the mysterious death of Henry Marshall, a Texas farm official, shot to death a year ago while checking into Estes' dealings under the government cotton program.

The former president's brother said Fountain invited him to come to Washington a long time ago.

NOT INTERESTED

"I told him on the telephone I wouldn't go," Eisenhower said. "Didn't have any interest in any grain storage and didn't see why I should pay my way back there to tell him so. I told him I didn't have at any time, and haven't now, a nickel's worth of interest in wheat storage or grain storage."

The House group, the subcommittee on intergovernmental relations, has jurisdiction over surplus grain storage and cotton allotments. It will look into Estes' profitable operations under both programs.

The House subcommittee's counsel James R. Naughton said no decision has been reached on whether it will investigate the Eisenhower.

IS AWAITING TRIAL

Estes is awaiting trial on federal fraud charges and a Texas indictment accusing him of theft. Another chapter of his from boom to bust story unfolded Wednesday in El Paso, Tex. The financier faced his creditors but would reveal nothing.

Pleading the Fifth Amendment's provisions against possible self-incrimination, Estes declined to answer when asked about his business interests and assets. He also declined to give his occupation or the location of his offices.

But he told District Judge R. E. Thomson at the federal receivership hearing he would file a detailed statement of his worth and operations by June 15.

"PETTY HINTING"

Sen. Everett M. Dirksen of Illinois, the Senate Republican leader, accused the subcommittee's staff of leaking to the press what he called politically inspired "petty hinting and subtle inuendo" about two brothers of former President Dwight D. Eisenhower. His statements were prompted by a New York Herald Tribune

Major League Stars

Batting—Joe Pepitone, Yankees, tied major league record by hitting two home runs in one inning, driving in four runs as New York scored nine runs in the eighth for a 13-7 victory over Kansas City.

Pitching—Ken Johnson, Colts, won second consecutive game after losing first five, blanking Cincinnati 2-0 on five hits.

Dick Donovan Wins 8th Game For Indians; Yank Rally In 8th Beats A's

By JIM HACKLEMAN

Associated Press Sports Writer

Remember the hard-luck Dick Donovan of just a year ago, with that disheartening string of five successive one-run losses? His luck is a little better this season and so's his record—8-0.

The big right-hander became the first eighth-game winner in the majors Wednesday night when the Cleveland Indians cut loose with another eleventh-hour home run attack and overpowered the Chicago White Sox 5-4. Pinch hitting rookie Al Luplow and Chuck Essegian connected back-to-back in the ninth inning as the Tribe won for the third time in a week with ninth inning homers.

By winning the squeaker, Cleveland remained a half game behind the top-place Yankees, who buried Kansas City 13-7 with a nine-run eighth inning triggered and capped by rookie Joe Pepitone's home run blasts, Boston beat Minnesota 6-1 dropping the Twins to third, one game back. Washington whipped Los Angeles 7-2, while Detroit and the Orioles were rained out at Baltimore.

GOT 10 HITS

Donovan was tagged for 10 hits, one a two-run homer by Al Smith in the first, but singled in one run himself as the Indians stayed close to the White Sox all the way.

Dom Zanni, who had pitched pitched strongly in relief of Juan Pizarro, was the victim of Cleveland's uprising in the ninth. Luplow led off with his score-tying homer into Comiskey Park's lower left field deck and Essegian promptly zeroed in on the same sector.

Pepitone and fellow rookie Phil Linz, both fill-ins for the injury-hobbled Yankees, produced handsomely in the explosive rout of the A's. Held to four hits by Dan Pfister and trailing 7-4 going into the last of the eighth, the Yanks sent 12 men to bat in the inning.

2 HOMERS

Pepitone kicked off the rally with a homer and climaxed it with another with two aboard, becoming the 15th major leaguer to homer twice in one inning. Linz took over at third after Cleto Boyer was hit on the wrist by a pitch in the third, homered in the seventh with one on for his first hit in the majors, and sent the Yanks ahead with a two-run single in the big ninth.

Tex Clevenger, called up from the minors Tuesday was the winner with one inning of relief and Diego Segui took the loss. Jimenez whacked a homer for the A's. The Red Sox put a halt to their eight-game skid behind the seventh hit pitching of Earl Wilson and Dick Radatz. Gary Geiger had a homer and double in Boston's 13-hit offensive against Don Lee and two Minnesota relievers. Ed Bresnold also homered. Rich Rollins' homer accounted for the Twins' lone run.

Pete Burnside pitched a nine-inning shutout for the last-place Senators, who broke away from the Angels in the first three innings with seven runs—four of them unearned. Ted Bowsfield was the losing pitcher.

CHICAGO MOST LIKELY SITE

NEW YORK (AP) — If you've been wondering, or even worrying, where the Floyd Patterson-Sonny Liston heavyweight title fight will be held, you can relax now. Ninety-nine per cent sure says Tom Bolan, president of Championship Sports Inc., appointed promoters by the champion himself, Floyd Patterson.

"Unless something comes up, Chicago is the place," said Patterson at a press conference on Wednesday evening. Patterson has the right to be skeptical since the night before he thought it was all set for Detroit.

LOCAL PROMOTERS

"But at the last minute I discovered that the people in Detroit were figuring on having local promoters to help stage the fight."

"I immediately said that was impossible because Championship Sports Inc., said Patterson.

The only hitch that has to be overcome in Chicago, according to both Patterson and Bolan, is to get a reasonable rental for either Soldier Field or Comiskey Park.

"If they should ask us for a rental of \$200,000 or \$300,000 for either of those fields then it's something else again," said the champion.

FIRE TWO MISSILES

CAPE CANAVERAL, Fla. (AP) — The nuclear submarine Thomas Edison fired two Polaris missiles from below the Atlantic surface Wednesday. Both traveled more than 1,500 miles and both shots were declared successful.

The firings, about two hours apart, were the first for the Edison.

SEEK SHOT AT HEAVY TITLE FOR JOHNSON

PHILADELPHIA (AP)—Pat Olivieri, manager of Harold Johnson, said today he would like to groom the light heavyweight champion for a shot at the heavyweight title if Johnson is successful in defending his title June 23 in Berlin, Germany.

Johnson will make his fourth defense of the light heavyweight crown on that date against Gustav Scholz.

The bout, which had been in the works for several weeks, became official Wednesday when Olivieri and Johnson signed a unique new four-year contract and withdrew law suits filed against each other during a lengthy feud over money.

"If he (Johnson) beats Scholz I'd like to bring him back to the United States for a shot at a top-ranking heavyweight and after that Patterson (heavyweight champion Floyd Patterson)," said Olivieri.

MEET ANYBODY

Olivieri also was asked about Sonny Liston, the No. 1 contender who is scheduled to meet Patterson in September.

"If he's the one, we'll take him," said Olivieri.

Under the new contract, a compromise which Olivieri said he thought was fair and was satisfied with, Olivieri will be the manager with final say on all contracts.

George Gainford, advisor to Sugar Ray Robinson, will be Johnson's business representative, handling preliminary negotiations for Johnson fights. For this he'll get 15 per cent after training expenses are deducted from the gross purse.

After the 15 per cent is deducted, Johnson and Olivieri will split the balance with the boxer getting 66 2/3 per cent and the manager 33 1/3.

WARRIORS NOW ON COAST; NO PHILLY TEAMS

NEW YORK (AP)—San Francisco is in, but still faces a fight; Philadelphia is out, only after a fight; and no one seems to know about Baltimore.

That's the situation in the National Basketball Association today after the league's board of directors spent another all day session discussing sales, transfers and expansion.

The major development was league approval of the sale and transfer of the Philadelphia Warriors to San Francisco for the 1962-63 season. It leaves Philadelphia, long an NBA stronghold, without a professional team.

The status of Baltimore, which has applied for a franchise and been given tentative approval, remained in a maybe so, maybe no status. NBA officials are known to have privately expressed discontent with the league's present nine-team makeup, but whether Baltimore will be granted a franchise apparently depends on a suitable arena.

The sale of the Warriors to a group which plans to move it to San Francisco was vigorously opposed by representatives from Boston and New York both Wednesday and in a two-day meeting earlier this month.

Announcement that the NBA had approved the transfer brought an immediate announcement from the San Francisco Saints of the rival American Basketball League that they will fight the move.

SPACEMAN'S MOM HAPPY

BOULDER, Colo. (AP)—Florence Carpenter, mother of astronaut Malcolm Scott Carpenter, said today she was very happy with the successful launching of the space capsule.

"The liftoff was terrific. Two of the announcements I had been waiting for pleased me. One, the clock was started, and two, the flight was good for seven orbits," she said.

Mrs. Carpenter works in the records department of Boulder Community Hospital. She lives in a trailer home nearby.

She awoke at 4 a.m., had breakfast and settled calmly with a group of friends before a television set to watch the launching.

A small crowd gathered outside the trailer and several hundred persons assembled at the University of Colorado auditorium where she will hold a formal news conference after the landing of Carpenter's capsule.

Carpenter is a native of Boulder and an alumnus of the University.

Warns Churches Of Losing Population

BUCK HILL FALLS, Pa. (AP)—A leading Lutheran official says unless the church faces its responsibility in these changing times the end of this century will see a drastic reduction in the world's Christian population.

The Rev. Dr. Earl S. Erb, executive secretary of the Board of Foreign Missions of the United Lutheran Church in America, said Wednesday the current Christian population is about 34 per cent. But, he added, "by the end of this century the percentage will have fallen to 22 unless there is a drastic change."

Dr. Erb, addressing a session of the annual convention of the Lutheran Ministerium of Pennsylvania, said:

"There must be a genuine acceptance of the concept of world fellowship among Christians if the church is to see its task clearly and if the total forces of the church are to be used effectively."

Issue Warrants For Two Men In Swindle

PHILADELPHIA (AP) — Dist. Atty. James C. Crumlish has announced the issuance of warrants for two men accusing them of cheating investors in two loan companies of an estimated \$366,000 during a five-year period.

Crumlish said Wednesday the two were Frank Vandenberg, manager of the State Finance Co., and former manager of the American Loan Co., and Al Fleischer, owner of the Chelton Discount and Appliance Co.

Crumlish said the warrants, which climax a six-month probe into the operations of the three firms, cover the period from May 1956 to December 1958.

Fraudulent loans and manipulations between all three, Crumlish said, defrauded investors in the two loan firms of the \$366,000.

Phils Defeat Giants To Cut Lead As Dodgers Win Again

By MIKE RATHET

Associated Press Sports Writer

Philadelphia's flip-flop Phillies, rejoining the National League's more respected members for the 1962 campaign, have continued San Francisco's skid and cut another length off the Giants' bulge in that tightening pennant race.

Playing solid ball after shaking off the effects of last year's disastrous 23-game losing streak and a last-place finish 46 games back, the Phillies thumped the league-leading Giants 10-7 Wednesday night.

It was the third consecutive loss for the Giants who up until a week ago were pulverizing the opposition with 17 victories in 20 games and had built a 4½-game lead.

TAKE 6TH PLACE

Now the Phils, striving to climb into the first division of the expanded 10-club circuit, have cut the Giants' edge to 1½ games

while moving into a virtual tie for sixth place.

The Los Angeles Dodgers moved into second place with a 3-1 triumph over the New York Mets behind Don Drysdale's four-hitter. St. Louis, its six-game victory string ended by a 6-3 loss to Pittsburgh, dropped into third, 2½ back.

Houston blanked fourth-place Cincinnati 2-0 on Ken Johnson's five-hitter and Milwaukee beat the Chicago Cubs 4-2 as Warren Spahn posted the 31st triumph of his career with a five-hitter.

13-HIT ATTACK

Tony Taylor and rookie Ted Savage each stroked a double and two singles, scoring three runs apiece, to pace the Phillies' 13-hit outburst against Mike McCormick (1-2) and four successors. Art Mahaffey (4-5) started for the Phils, allowed only four hits through six innings, but had to leave when his arm stiffened. The Giants battled back with three runs each off relievers Frank Sullivan and Jack Baldschun but fell short.

The Dodgers cracked a 1-1 tie in the eighth. Ron Fairly's sacrifice fly knocked in the winner before Frank Howard's grounder added an insurance run. The victory was Drysdale's sixth against three losses. Roger Craig (2-3) went the distance, allowing 11 hits.

The Pirates jumped on Larry Jackson (4-5) for four first inning runs. Ken Boyer homered for the Cards and Bill White went 4-for-4 but it wasn't enough. Harvey Haddix (3-2) got the victory with relief help from Tom Sturdivant and Diomedes Olivo.

Boxing Inquiry To Widen Authority

NEW YORK (AP) — A joint legislative committee investigating boxing in New York next will look into such matters as criminal influences and the manipulation of odds.

The committee, its investigation spurred by the ring death of former welterweight champion Benny (Kid) Paré, closed three days of public hearings Wednesday.

No definite date for further hearings was set, but Assemblyman Hayward Plummer, heading the probe, said further hearings definitely will be held. The committee is seeking to determine if boxing should be banned in the state.

Serious Accident Changed Carpenter's Future Life

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP)—When Malcolm Scott Carpenter was selected in 1959 as one of the seven Mercury astronauts, he was thankful to be rescued from what he considered a grueling assignment—a two-year tour of duty on an aircraft carrier.

On the carrier, he would face long periods away from his family and the disappointing prospect of a nonflying job. The Mercury orders arrived just two days before the ship was to depart San Diego.

When the carrier commander asked him what he was going to do, Carpenter replied: "Ride the nose cone of an Atlas three times around the earth."

WAS "AMAZED"

"I remember being a little amazed at my own words," Carpenter said recently. "I knew little about the program then. By now, I know a good deal more, but the whole idea fills me with awe."

Carpenter, 37, a Navy lieutenant commander, was thrust suddenly into the pilot role for the second U.S. manned orbit flight last March 15 when it was disclosed that the chosen astronaut, Air Force Maj. Donald K. Slayton, had minor heart trouble. Carpenter had been backup pilot for Marine Lt. Col. John H. Glenn Jr.'s orbital flight on Feb. 20.

VITAL MEMBER

The handsome, crew-cut Carpenter has been a vital member of the astronaut team. His specialty is navigation and communications and he has worked extensively with engineers and technicians to develop a foolproof communications system for the Mercury capsule.

Carpenter is an exemplary citizen now, but it took him a little time to find himself. He said recently that in his youth he was a drifter and "sort of a no-good" in his home town of Boulder, Colo., where he was born May 1, 1925.

"I didn't study hard and I had to quit high school football because I couldn't devote myself to learning the plays," he said. "I stole things from stores and I was just drifting through, sort of a no-good."

ENLISTED IN NAVY

After high school graduation in 1943, he enlisted in the Navy and got a start on his flying career in the Navy V-5 flight training program.

After World War II, he entered the University of Colorado but had trouble adjusting and twice was flunked out of school.

He became a laborer in Boulder.

But not long afterward, when he was 20, he had an auto accident, which changed his whole life. He was unconscious for four days, and during a two-week convalescence in the hospital he decided to return to college.

He came within three credit hours of earning a degree in aeronautical engineering from Colorado in 1949 but encountered difficulty with a course in heat transfer. Before he could pick up the credits, he courted and married his wife, Rene, also a Colorado student, and rejoined the Navy.

After graduation from the Navy test pilot school in 1954, Carpenter began the dangerous job of working the kinks out of some of the nation's newest, fastest fighting planes.

PETE ROZELLE GIVEN RAISE

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—The National Football League has extended another solid vote of confidence in Commissioner Pete Rozelle by voting him a \$10,000 bonus and boosting his salary \$10,000 to \$60,000 a year for five years.

In less than two years, the successor to the late Bert Bell has led the league to a clear cut court victory over the rival American Football League and helped clear the way for a new \$9.3 million 2-year single network (CBS) television deal.

As a result of the court victory the league no longer lives under the shadow of a huge damage award. Under the new TV contract each club is expected to get \$320,000 a year from the TV rights.

NO MORE EXPANSION

"We have no further expansion moves in mind until our two newest clubs (Minnesota and Dallas) are soundly well off the ground," said Rozelle, when asked about the future.

The league set the date of Sunday, Dec. 30 for the 1962 championship game to be played in the home park of the Eastern Conference winner. The Playoff Bowl game (between the two second-place teams) will be moved back from Saturday to Sunday, Jan. 6 at Miami's Orange Bowl. This move was made possible by the cooperation of the Pro Bowl promoters in Los Angeles who will permit players to report the night of Jan. 6 for their Jan. 13 All-Star Game.

Family Food Facts

THOMAS E. PIPER
Area Marketing Agent

Holiday previews of feature food are due this weekend as retailers merchandise for Memorial Day outings. Generally accepted as the opening date for outdoor activities, this holiday puts the "outdoor chef" back in business and brings a change in family eating habits as we turn to more easy-to-cook and quickly prepared food items.

These observations were noted by Tom Piper, Penn State Extension Marketing Agent, as he surveyed wholesalers and retailers regarding food marketing emphasis for this weekend. Frozen turkeys, beef steaks, hams, bacon, fresh picnics, and broiler-fryers will receive promotional emphasis. Forequarter beef cuts have already declined in price under the seasonal impact of warm weather.

Egg supplies continue seasonally heavy with farm prices below those of a year ago. Large sizes remain an especially good buy. Current catches of fish and shell fish are as high as they're likely to be this year and priced accordingly.

STRAWBERRIES COMING

Produce markets are faced with a seasonally active demand, rather short supplies and variable quality; some improvement may be noted during June. Oranges, grapefruit and bananas dominate the fresh fruit scene although competition from other fruits is increasing. Reasonably priced Tartarian cherries are arriving from California and the Bing variety is due soon. Plums, peaches and imported grapes are available.

Strawberries are entering their heavy volume season and best buys are usually noted in the early part of the week. Hot, dry weather and frost damage has reduced the crop in Pennsylvania and orders should be placed early.

Dry weather has also slowed vegetable growth. Better buys are limited to salad items — radishes, Boston lettuce, green onions and leafy greens. Supplies of most other items remain below normal and prices rather high. Cantaloupes from Texas and Arizona promise to offer more economy than watermelons this weekend.

The processed food index is nearly a point under year-ago levels. Storage stocks of canned and frozen vegetables are higher than average, salad and cooking oils are in plentiful supply and the frozen citrus market has declined in recent weeks.

Bill Ward, track coach of St. John's University at Jamaica, N. Y., will retire as an active coach next fall to devote full time to duties in the athletic department.

EX-GENERAL IS GIVEN LIFE TERM

PARIS (AP)—A special tribunal's sentence of life imprisonment for ex-Gen. Raoul Salan was interpreted by many Frenchmen today as a victory for the terrorist Secret Army.

The mixed judicial-military-civilian court Wednesday night found the head of the Secret Army guilty of treason but spared his life because of extenuating circumstances. It did not explain the extenuating circumstances.

The same court earlier had given a death sentence to Salan's chief deputy in the Secret Army, Ex-Gen. Edmond Jouhaud. Many Frenchmen felt President Charles de Gaulle's only choice now was to commute Jouhaud's sentence to

life imprisonment.

"The Secret Army won," said a white-collar employee on his way to work, expressing a widely held opinion.

The courtroom, packed with sympathizers of Salan and the Secret Army, broke into pandemonium at the announcement by court president Charles Bornet that the tribunal had found circumstances to extenuate Salan's leading role in the abortive general's revolt in Algiers in April 1961 and his leadership of the Secret Army terrorists.

Arnie Palmer scored three birdies on the last four holes to win the 1962 Texas Open. The following week he dropped a 25-foot putt for a birdie on the final hole to win the final hole to win the Tournament of Champions at Las Vegas.

PAINT WALLS OF SPEEDWAY AS WARNING

By DALE BURGESS

Associated Press Sports Writer
INDIANAPOLIS (AP)—The Indianapolis Motor Speedway management put a coat of white paint on the battered concrete retaining walls early this spring.

The idea was partly to outline the curves better and partly to stop unnerving drivers with the big gouges left by past crashes.

At racing speed, the old wreck marks couldn't be seen. The track edge stood out better, especially in late afternoon when grandstand shadows fall on the main straightaway and the south-west turn.

NEW PROBLEM

But there was an unexpected development when practice started four weeks ago for the 500-mile Memorial Day race. Whenever somebody banged into the wall, tires left a big black smudge more startling than scars on the unpainted concrete.

The 33 starters and the crowd won't see the new marks when the 46th 500 starts next Wednesday. They have been covered with another coat of paint.

During practice and time trials, the wall was hit by Jimmy Daywalt, Indianapolis; Allen Crowe, Springfield, Ill.; Gig Stephens, North Reading, Mass.; Ebb Rose, Houston, Tex.; Norm Hall, Los Angeles, twice; Jim Hurtubise, Lennox, Calif., twice, and Bill Cheesbourg, Tucson, Ariz.

Only Hall was seriously injured and he is reported recovering. Daywalt, Rose, Hurtubise and Crowe, a rookie, came back and qualified for the race.

Original Adqueduct, opened in 1894, was a three-quarter mile track. The stretch was so narrow that only six horses could run abreast.

Schoolbooks Are Exempted Of Tax

HARRISBURG (AP)—Gov. Lawrence reported today the Commonwealth will exempt school bookstores from collecting the state's 4 per cent sales tax on textbooks. The measure will apply only to direct sellers of textbooks to students, but will not apply to general commercial book establishments.

"This will prove to be an important aid to college students," said Lawrence. "We have placed great emphasis on providing an education for every Pennsylvania student who has the aptitude for college work. This will help make the road easier for many of them."

The Washington Senators started the 1962 American League season with 15 new players.

72 Communist Guerrillas Are Killed And 34 Captured

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—South Vietnamese forces supported by fighter-bombers and U.S. Army helicopters have killed 72 Communist guerrillas and captured 34 others in an operation 70 miles south of Saigon, the government reported today.

The Mekong River delta operation, one of the bloodiest in recent weeks, began Wednesday and was reported continuing today.

Air strikes by South Vietnamese fighter-bombers inflicted the heaviest casualties among the Viet Cong guerrillas. The government also claimed its troops seized about a ton of arms and ammunition.

4 YANKS WOUNDED

Government losses were given as seven killed and 10 wounded. Communist fire also wounded four American Army officers in one of the 14 helicopters ferrying Vietnamese troops into the fighting.

The helicopter pilot, Capt. Robert F. Corneil, 39, was shot in the heel and a U.S. spokesman said he will be unable to walk for some time. His next of kin is listed as his wife, Shirley Clairborne Corneil.

The three others were cut by flying metal and plexiglass but returned to duty after treatment. They are Lt. Col. Frank B. Clay, 41, of Washington, D.C., son of Gen. Lucius D. Clay, until recently President Kennedy's personal representative in Berlin; Lt. Col. Howard C. Blazard, 42, of Saint Johns, Ariz., and CWO Bennie B. Potts, 36, of Tacoma, Wash.

The younger Clay is senior field advisor to South Viet Nam's 7th Division, the unit engaged in the action.

Taneytown

TANEYTOWN — Mayor Raymond Perry was renominated for a second term at a town meeting Monday evening. Councilmen Carel Frock and Delmont Koons were renominated and George Hemler was nominated. Incumbent Neal Powell was nominated by declined the post.

The nominating committee included: Morville Shoemaker, Harold Mehring and Doty Robb. Shoemaker, Curtis Bowers and William Baker were appointed judges.

James Marshall Boone Sr., of Hampstead, will begin duties Monday as the new policeman.

It was decided to buy a police car and bids will be secured from the two dealers.

Powell was requested to write a thank-you letter to the State Board of Education thanking them for the recent decision to retain Taneytown High School in the area.

It was decided to publish the tax ordinance setting the new rate on real estate and making tax bills due August 15, 1962.

Lewis R. Bear showed slides and souvenirs of past conventions at the regular meeting of the Taneytown Lions Club Tuesday evening in Taney Inn.

Directors met in the Potomac Edison building after the meeting. The next meeting will be held June 12 when district convention reports will be heard.

Dormitory Bids Exceed Allowance

HARRISBURG (AP)—The General State Authority reports that unofficial low bids on the construction of two new dormitories at Bloomsburg State College exceeded original allocations by \$360,149.

The bids, received Wednesday, totaled \$2,150,149 the GSA said. The original allocation was for \$1,790,000. Authority aides said the bids will be held for further study.

The apparent low bidders were: Boyd H. Kline, Bloomsburg, \$1,524,643, general construction; John F. Miles, Kulpmont, \$233,999, heating and ventilating; Miles, \$196,807, plumbing; and Joseph L. Lece, Inc., Williamsport, \$194,700, electrical work.

Railroad, Workers Back In Conference

WASHINGTON (AP)—Representatives of the railroads and the men who man moving trains will sit down in Chicago Thursday with federal mediators to talk again about recommended job cuts.

The talks were broken off last week and the government has been trying to get the two sides back on the negotiation track. It succeeded Wednesday at a conference arranged by Secretary of Labor Arthur J. Goldberg and Chairman Leverett Edwards of the National Mediation Board.

Management and labor decided to continue their bargaining with the assistance of the Mediation Board.

FRECKLES ARE NUISANCE TO MANY GIRLS

By JOY MILLER
AP Women's Editor

NEW YORK (AP) — Of the many things that bloom in summer — flowers, flirtations, freckles — at least one will still be with you this fall. Your faithful, frustrating freckles, of course.

If you're living in hope they'll fade away over the winter, prepare yourself for the shock: The sun will bring them out again in full hue.

The truth is, a freckle is a permanent landmark and you might as well get used to the topography.

The scatterings of colorful pigment, ranging from salmon to deep red to deep brown, may march across a nose and call halt. Or they may cover the face, neck, arms and backs of hands.

Freckled youngsters are usually called cute by non-freckled adults. A "freckle-faced little kid" is, by popular definition, wholesome and appealing.

Freckled girls may be tomboyish, the lads mischievous and all boy. But there's never a doubt their hearts are in the right place. The public image was established years ago.

GIRLS AGAINST THEM

For boys, being freckled is just something you put up with, like washing your ears.

Girls, however, especially in their early teens as they embark upon their life's work of improving their looks, suffer agonies at what they consider unfair disfigurement. Margie doesn't have freckles, why do I have to?

The fact that Margie has buck teeth and acne is no consolation. Teeth can be straightened and acne cured. What can you do for freckles?

Not much, says a skin specialist who has done considerable research in the matter.

He's Dr. Irwin I. Lubowe, associate dermatologist at Metropolitan Hospital Center, whose private practice includes famous patients from stage and screen.

In an interview with the unfreckled but not unsympathetic expert, he gave the following answers.

What are freckles?

"Freckles, Ephelides to be technical, are circumscribed and localized collections of pigment cells which occur in lumps on the skin."

Who has them?

"Usually they occur in blondes and light brunettes who have either natural blonde hair or red hair. They are very rarely seen in people who develop a deep sun tan, or in the pigmented races."

When do they first appear?

"As a rule from the sixth to the eighth year. It takes time for these pigment cells to develop, from exposure to ultra violet light."

Can freckles cause cancer?

"Freckles are benign. But it is true that light-pigmented people prone to freckles are more prone to produce skin cancer if exposed to the sun for excessively long periods, such as farmers and sailors sometimes are. In Australia, where there is constant exposure to sunshine, there is twice as much skin cancer as here. In the United States, it's much more prevalent in the South than in the North."

Is freckle cream effective?

"Not particularly. It occasionally peels the top skin, but may cause irritation. Freckles are in the deep areas of the skin."

"There are many external agents used as peeling lotions which contain salicylic acid, phenol or ammoniated mercury, which is a bleaching agent and is the active ingredient in most freckle creams. Recently a new therapeutic medium known as Benzoquinol (monobenzyl ether of hydroquinone) is being used for the reduction of freckles; however, its continued use may cause a skin rash."

OTHER METHODS

"Various methods have been suggested, none effective. The use of sun-screening agents externally, para minobenzoic acid for example, may be helpful in producing a more uniform tan with less accentuation of freckles. "Experimental medications such as chloroquin and oxyarsen are being tested internally. These compounds act as internal sun-screening agents and cause a thickening of the outer layer of the skin."

BUILDING PLANS

Allen I. McDonnell, local contractor, has filed a stipulation against mechanic's liens in the probatory office with "Gettysburg Medical-Dental, Inc." Dr. James D. Sheen, president, and Dr. D. L. Radsma, treasurer, to construct an office building on the northeast corner of W. Middle and Hay Sts. A building permit has been asked of the borough for construction of the \$30,000

Orbit Flight

(Continued From Page 1)

America's first orbiting space pioneer.

Seconds after entering orbit, Carpenter began exercising the capsule's manual control system so he could watch the Atlas booster rocket as it fell away from his capsule.

45-MINUTE DELAY

Reports from the Aurora 7 were relayed to hundreds of newsmen here by the Mercury control center on Cape Canaveral, where tense officials carefully monitored all phases of the flight and condition of the 37-year-old Navy lieutenant commander.

The blazing Atlas rocket rose majestically into a clear sky at 7:45 a.m. (EST) after a 45-minute delay because of visibility-limiting ground haze in the launching area.

Just as it did on Glenn's flight, the Atlas performed with amazing precision. With pinpoint accuracy it pushed the spacecraft through "a keyhole in the sky" at the desired speed and angle. If it had missed this spot in space 100 miles high and 500 miles north-east of the Cape, the Bermuda tracking station would have ordered Carpenter's craft back to earth immediately.

COULD GO SEVEN

The control center reported five minutes after blastoff that Aurora 7 was in successful orbit and could remain aloft for seven circuits of the globe if necessary.

But the mission was planned for only three orbits, the same as Glenn's. Seven orbits would entail returning the astronaut's capsule to earth somewhere in the Pacific and would involve the deployment of great numbers of recovery vessels.

If the three-orbit mission was completed, flight time would be about four hours and 50 minutes. If all went well, the capsule would parachute into the Atlantic near Grand Turk island, 800 miles southeast of Cape Canaveral about 12:35 p.m. Eastern Standard Time.

REPORTS CALMLY

Despite the extreme stresses of rocket acceleration, Carpenter calmly reported on conditions in the capsule. He said forces pressed him against his contour couch—in effect increasing the weight of his lean, trim body eight times its normal 155 pounds.

Shortly after insertion into orbit, Carpenter reported on cabin pressure, oxygen supply and other instrument readings in his capsule. He said all were in good condition and that he himself was in excellent shape.

Communicating with him from the control center was a veteran space traveler, astronaut Virgil I. (Gus) Grissom, who last year made a suborbital rocket trip.

CAPSULE TURNS AROUND

After Aurora 7 was successfully in orbit, the astronaut reported the capsule had turned around 180 degrees as intended, so that he was riding upright and backward through space, with the capsule's blunt heat shield leading the way.

At this point he was in the buoyant world of weightlessness, the condition that results when a delicate balance is achieved between the outward pull of centrifugal force and the downward pull of the earth's gravity.

Mercury control center reported that the capsule was in an orbit ranging from 99 to 164 miles above the earth at a speed of 17,532 miles an hour.

EVERYTHING WORKING

At 8 a.m., Carpenter's Aurora 7 passed over the Canary Islands tracking station and he reported that he was exercising the manual controls. The steering system and the automatic controls were working properly and everything seemed normal in the capsule, he reported.

NUMBER OF TASKS

Glenn proved conclusively that man can operate in the strange world of weightlessness for at least a short period. Carpenter's job was to add to this knowledge by performing a number of tasks during the flight, during which he would be in a weightless state up to the time of re-entry through the earth's atmosphere.

Among the tasks scheduled during the flight were the release of a multicolored balloon and plastic confetti to test color and depth perception in space.

Insertion into orbit does not make the mission a success. More serious capsule trouble could develop than the problem Glenn had with his automatic control system.

And ahead lay the critical re-entry through the earth's atmosphere at the completion of flight.

3 REVERSE ROCKETS

Three reverse rockets at the base of the capsule were to be fired as Aurora 7 approached the west coast of the United States near the end of the third orbit.

This would slow the capsule so it would come out of orbit and make a gradual descent through searing re-entry heat up to 3,000 degrees Fahrenheit. Then Carpenter was to place his salvation in a successful deployment of two parachutes, landing in the planned recovery area and pickup by one of the recovery ships.

The Kano, Nigra, tracking station made contact with Carpenter at 8:08 a.m. and reported everything was in fine shape.

Immediately after his capsule separated from the Atlas, Carpenter took over the manual controls to maneuver his spacecraft to get

WILL DELIVER ADDRESS JUNE 5TH AT MOUNT

The Right Reverend Joseph M. Nelligan, pastor of the Immaculate Conception Church, Towson, Md., will deliver the baccalaureate sermon at the 154th commencement exercises of Mount Saint Mary's College, Emmitsburg, June 5 at 4:30 p.m. in the college chapel.

Monsignor Nelligan received his earliest education at Calvert Hall College and Saint Charles Seminary. He studied two years at

MSGR. NELLIGAN

Loyola College, Baltimore, before entering Saint Mary's Seminary. In 1920, he received his bachelor's degree followed by a master's degree in 1921. In 1926 monsignor was awarded an S.T.B. degree by Saint Mary's University.

He was ordained to the priesthood by Archbishop Curley on June 15, 1926. Following his ordination he was appointed assistant to Bishop McNamara at Saint Gabriel's Church in Washington, D.C. Eight years later, on June 16, 1934, he was made secretary to the archbishop and assistant chancellor for the Archdiocese of Baltimore. In 1935, he was made chancellor.

In June, 1939, Father Nelligan was elevated to the dignity of domestic prelate with the title of right reverend monsignor. From June, 1942-June, 1948, he served as rector of the Basilica of the Assumption of the Blessed Virgin Mary.

Monsignor Nelligan was appointed pastor of the Immaculate Conception Church, Towson, Md., in June, 1948. Other positions that he held include: Consultor of the archdiocese; chairman, Commission on Ecumenism; national consultant, Catholic Daughters of America; ecclesiastical superior of the Mission Helpers Sisters; director of the Cadea and moderator of the Catholic Evidence League.

Social Security

Q. I am a waitress in a restaurant. My employer withholds social security tax on the value of the meals I am furnished. Is this correct?

A. Your employer is correct. Even though you do not pay income tax on the value of your meals when they are furnished for the convenience of your employer, wages in kind count for social security purposes. Your employer must withhold social security tax on the value of your meals the same as he does from your cash wages. Your social security account will be credited with the combined total of your cash wages and the value of the meals furnished to you.

Q. I have a cleaning lady that comes in three days a week. She receives cash wages plus one meal on the days she works. Should I show only the cash wages paid on my quarterly reports, or should I include the value of the meals also?

A. Only cash wages are reported for domestic and agricultural workers. The value of any payment in kind such as board and room is not reported as wages for this type of work.

Q. I have had a part time hired man helping me on my farm this

year. I paid him \$450 for his work. Do I have to report his wages? If so, when must I make this report?

A. You must report the wages of any farm employee who was paid at least \$150 or worked on 20 or more days on a time basis for you in a calendar year. The Internal Revenue Service has a special form for reporting these wages. You will also need an Employer's Identification Number.

You can obtain an application card for an Employer's Identification Number at any social security office or from the district director of internal revenue.

The wages paid in 1962 must be reported by January 31, 1963.

Q. In 1959, I did not have \$400 net income from the farm I operated and did not pay any social security tax. I would now like to amend my 1956 tax return and use the optional method of re-

porting. Is this still possible? A. You have until April 15, 1963, to change the method of reporting your 1959 self-employment income. If you had between \$600 and \$1,800 gross income, you may report two-thirds of your gross as income for social security purposes. If your gross income was over \$1,800, you may report \$1,200 by using the optional method.

Q. I am going to be 65 in September of 1962. I do not want reduced benefits. When can I file a claim for social security benefits? A. You may file a claim for benefits as early as three months before the month for which you wish it to be effective. In your case, an application could be filed as early as June to be effective with September. It is a good idea to file your claim early so that there will be no delay in your payments when they are due.

While the very number of them foredoomed them to no agreement so did the fact that they had to deal with generalities instead of specifics.

Perhaps if they had been called in the midst of crisis, like war, when they had no time for the luxury of old-fashioned labor-management bickering, they would have done better.

The only two labor-management conferences in history which really reached important, basic agreements were called in wartime, in World Wars I and II.

BOTH TO YIELD

The overwhelming lesson of labor-management relations in American history shows this:

The one way for these ancient rivals to keep the government out of interfering with their business long ago, and repeatedly, would have been to reach compromise agreements beneficial to both, with both yielding something.

But they didn't. They had to be hit on the head with a government club.

For instance, employers through most of American history fought the attempts of their workers to organize into unions which could bargain for all of them.

It was to the benefit of the employers to keep the employees weak by keeping them divided. Finally, the government had to step in and, through the 1935 Wagner Act, force them to bargain with unions.

Littlestown

NO DATE GIVEN
FOR BUILDING
OF W. KING ST.
BY THE STATE

W. King St. in Littlestown is scheduled to be rebuilt by the State Highways Department, according to a letter read at Tuesday night's meeting of the Littlestown Borough Council.

The letter to Roger J. Keefe, secretary of the Littlestown council from Park H. Martin, secretary of highways, dated May 18, said: "Several months ago Mr. Fred G. Klunk, chairman of the Adams County Democratic committee, forwarded to me a petition signed by citizens of Littlestown concerning the reconstruction of Route 194 known as W. King St. with the request that I acknowledge receipt of the petition to you. I have delayed answering pending reports from our district engineer on this requested project. I am now advised by our district engineer that he has recommended this project be placed under construction as soon as plans are available. I have given my approval to the district engineer's recommendation and this project will be programmed for construction, although I am not able to give you a specific date, at this writing, as to when it will be advertised."

USED SKIN DIVERS

Resolutions were adopted designating King and Queen Sts., and the Bonneville Rd. as "through highways," thus permitting the state to place "stop" signs on the streets entering the "through highways."

The Water Committee reported that skin divers placed explosives in the quarry reservoir recently and the several blasts conducted "apparently helped the flow of water through to the drilled wells and thus during the last few weeks the source has been used periodically. The committee and divers plan later in the season, when the water level is lower, to make another dive to determine the feasibility of further blasts to enlarge the opening of the stone wall to the wells."

A bid of Lansdell Corporation of Maryland, Baltimore, to furnish bituminous materials for street work at a price of 18.3 cents per gallon for one type and 21.4 cents per gallon for another was accepted. It was the only bid submitted.

LINCOLN BID ACCEPTED

Three bids were received to furnish stone: from Teeter Stone Inc., Gettysburg; Bethlehem Limestone Co., near Hanover, and Lincoln Stone Inc., Thomasville. The bid of Lincoln Stone to furnish all sizes at \$1.10 a ton at Thomasville, or \$2.10 a ton delivered in Littlestown, was accepted. Bethlehem had bid prices ranging from \$1.35 to \$1.55 for various grades FOB the quarry or \$2 to \$2.20 delivered. Teeter had bid prices ranging from \$1.50 to \$1.65 depending on type stone FOB quarry, or \$1.90 to \$2.15 delivered.

Bids were received from Vernon C. Reaver and Lester F. Berkeheimer to connect the wiring in the Community Center building to the meter at the Alpha Fire Hall. Council however was unsatisfied with the method on which bids had been asked and the Light Committee was asked to make further investigation of the method to be used.

A communication was read from the VFW and American Legion giving details of the Memorial Day parade Monday evening at 6:30 p.m. Councilmen will participate in the parade.

REAFFIRM POSITION

Council reaffirmed a decision of a prior council that Littlestown will pay 500 toward relaying of the sidewalk on the St. Aloysius Church property along M St. from Charles St. to the first alley south and parallel to that street. In exchange the church is to give a three-foot strip of its property to the borough to permit widening of M St.

The Street, Sewer and Water Committees, with Councilman Stewart N. Long as chairman of the joint group, was asked to investigate the possibility of acquisition of an additional dump truck for the borough.

A tentative ordinance for consolidation of all borough ordinances regulating traffic and parking on streets and alleys, excepting speed, disorderly conduct and parking meters, was turned over to the Safety Committee for study.

TO PAINT LINES

The safety committee was also asked to consider a hazardous traffic condition at E. Myrtle St. and Park Ave. intersection and possibly include in the consolidated ordinance rules to alleviate the hazardous condition.

A discussion on a low surface condition in and around the alley and lot of Mrs. Bertha Harner was held. One suggestion was that the alley be raised to turn water off onto Park Ave. No final decision was reached.

Council voted to repaint lines at parking meters. The lines are to be about three feet long, ending eight feet from the curb, to design-

Abbottstown

MRS. DELLA BUTT
ABBOTTSTOWN — The Boy Scout Troop will hold a car wash Saturday afternoon on the parking lot at the Lutheran Church.

Mrs. Earl Alwine is a surgical patient at the Hanover Hospital. The Lions Club will meet Thursday evening at the Hofbrahaus, and on June 14 hold a shrimp feed.

Bradley Rodgers, son of Mr. and Mrs. Wilmer Rodgers, is a patient in the York City Hospital. A nail he was hammering flew off and hit him in the eye.

Sidney Sigola, R. 1, is a patient in the York Hospital.

Mr. and Mrs. Leroy Witters and son, Carl, spent the weekend at Wildwood, Cape May and Atlantic City, N. J.

At the Father and Son banquet of St. John Lutheran Church, prizes were presented to the following: W. W. Eisenhart, the oldest person present; Charles Stothour, oldest father present; Earl Rodgers, the father with the most sons present; Donald Rodgers, the youngest father present and William Angel, the one traveling the farthest distance. Rev. Carlton Howells, pastor of Paradise Lutheran Church, was the speaker.

Rogate Sunday will be observed next Sunday at 10:30 o'clock. If weather permits, the blessing of the seed and the soil will take place outdoors. There will be a meeting of the workers' conference after the service.

The annual Mother and Daughter banquet will be held June 9 at 6 p.m. in the United Church of Christ.

Articles of usable clothing for the needy of the world must be at the church by next Sunday.

The community Memorial Day observance will be held on May 30. The parade will form at the Lutheran Church and move at 7 p.m. Rev. A. C. Rohrbaugh, of York, will speak at services at the United Church of Christ.

June 11 to 23 are the dates for the Vacation Church School, sponsored by the Lutheran and United Church of Christ churches. A important planning session will be held on June 1 at 7:30 in the Lutheran Church.

nate the parking meter space. Street Commissioner Joseph H. Redding was authorized to paint the curbs a distance of 15 feet on either side of the cemetery entrance and to employ Barnes Brothers to construct approximately 25 feet of sidewalk and curb at the Charles Rabenstein property along Monarch St.

REMINDER TO PUBLIC

Council rescinded a former action directing Lloyd E. Crouse to immediately construct sidewalk and curb on Monarch St. Instead it directed that sidewalk be put in when the ground has settled.

Street Commissioner Redding was instructed to sweep loose stones from the intersection of Basehoar and Zerling alleys.

Secretary Keefe was instructed to have the fire company periodically flush the hydrants "especially the dead ends of the water system."

Mayor Earl L. Stites noted that he is giving a reminder to the public that weeds and grass must be mowed. Council instructed the street commission to keep the grass for which council is responsible mowed and directed purchase of 20 gallons of weed killer. Council received complaints concerning "dust" allegedly caused by the grinding of corn cobs at a mill to the rear of Lumber St., and complaints on an "outside toilet" in the town.

Council received complaints concerning "dust" allegedly caused by the grinding of corn cobs at a mill to the rear of Lumber St., and complaints on an "outside toilet" in the town.

Council voted to purchase a used 30-watt, 2-way radio for the borough police car for \$335 to replace the present installation when the change over is made in the frequency to be used by the police under federal regulations. Council voted to thank William B. Fuss for his cooperation in moving a truck off N. Queen St. which had cut-down the vision of motorists entering N. Queen St. from Newark St.

Council voted to grant one-week vacations this summer to Acting Chief of Police Edward T. Kowalczyk and Patrolman John G. Hemler. The mayor was instructed to arrange for a special policeman or a fire policeman to fill in during the vacation of the officers.

Attorney Edward B. Bulleit, borough solicitor, was instructed to prepare an ordinance covering "shooting of dogs running at large without license."

Expenditures authorized totaled \$10,767.45. Of that amount \$8,975.17 was from the borough fund account including \$4,723.72 for 130 new parking meter heads.

Fire Sweeps Barn
Near Greencastle

GREENCASTLE, Pa. (AP)—Fire, touched off by a bolt of lightning, swept a huge storage barn in nearby Wingerton Wednesday night, destroying a tractor, combine and hundreds of bales of hay and straw.

The barn was owned by Amos Showalter. Firemen from Waynesboro, Maugensville and Greencastle, Pa., and Leitersburg, Md., battled the blaze for more than two hours before bringing it under control.

There were no injuries reported. Showalter managed to drive 20 head of cattle from the barn before the fire became too severe.

No damage estimate was available.

Heat tomato juice with a whole clove a sprig of parsley, a few celery tops, a small piece of bay leaf and a suspicion of sugar. Serve as a first course (in soup cups) to those weight-watchers.

CAN'T BLAME PERSONS FOR RESENTMENT

ZELIENOPLE, Pa. (AP) — Robert Webster says he can't blame some Zelenople residents if they resent his temporary defection to Russia.

Webster, who returned to the United States last Sunday, told the Valley Daily News of nearby Tarentum Wednesday:

"Some of the townspeople will hold it against me. I don't blame them a bit."

Webster went to Russia in 1959 to set up a plastics exhibit for the Rand Development Co. of Cleveland. While there, he renounced his United States citizenship.

LATER DIVORCED

When Webster went to Moscow, he left his wife, Martha, and their two children in this country. She

later divorced him. Webster said he wants a reconciliation with his former wife and wants to see his children. He said his father, with whom he is staying, has been in contact with his former wife and added "I don't wish to say anything further on this subject."

Webster, 33, said a letter from his father, Charles, led to his return to the United States. "It really woke me up," he said. "My father reminded me in the letter of my responsibility to my family. Mother was ill. He said that the town was behind me, and I wasn't the kind of guy to escape responsibility. I believed my father. His letter woke me up completely. I tried to return to this country from that time on."

Webster said it took time and money to apply for return to the United States and said the Russians at first turned down his application for an exit visa.

"On Feb. 26 of this year, how can I ever forget the date, the Russians said I could leave," Webster said.

Webster said the Russians were good people and got up enough nerve to ask him questions about the U. S. after becoming acquainted. He worked as a plastics engineer in Russia.

DILWORTH SAYS COURT LOAFING

HERSHEY, Pa. (AP)—Richardson Dilworth, the Democratic candidate for governor, criticized Philadelphia's Common Pleas Courts Wednesday for what he called a tendency to loaf.

"There is a great tendency on the part of the courts to dog it," the former Philadelphia Mayor declared during a public affairs conference sponsored by the Bell Telephone Co. of Pennsylvania.

Recently, he said, "they got together and reached the momentous decision to start on time, but the next Monday three started on time and the other four started the usual one-half hour late."

Dilworth said a bad situation is created by the fact that each of the seven, three judge courts in Philadelphia is granted autonomy by the state Constitution.

This means a person has to meet with each of the seven president judges to effect business with the courts, he said. Each court becomes concerned about whether courts are doing their share of the work, he added.

IDENTIFY 44 OF 45 BODIES

UNIONVILLE, Mo. (AP)—One body was still missing today in the fatal crash of a Continental Airlines jet plane. The other 44 bodies were in an improvised morgue here.

Search for the missing, unidentified victim and for the cause of the accident that tore the big plane apart in the air over southern Iowa continued with teams of federal investigators on hand.

The \$5½ million Boeing 707 plane left a trail of wreckage for 60 miles Tuesday night before its main fuselage plummeted into a Missouri farm.

The plane had been advised of thunderstorm turbulence as it neared Kansas City on its flight from Chicago.

FLIGHT RECORD SAVED

Officials hoped that the taped flight record, salvaged from what was left of the main fuselage and sent to Kansas City, would afford some clue.

Federal Aviation Administrator Najeeb Halaby said there was not a shred of evidence that the airliner had collided with a small plane or had been ripped apart by a bomb. He also said there was nothing to show that it may have been caught in a tornado.

The only person who might have been able to tell what had happened died in a hospital soon after he was removed alive. He was one of the 37 passengers, a Japanese-born engineer. All eight crew members, including four hostesses, died in the crash.

Rep. Flood Okay After Operation

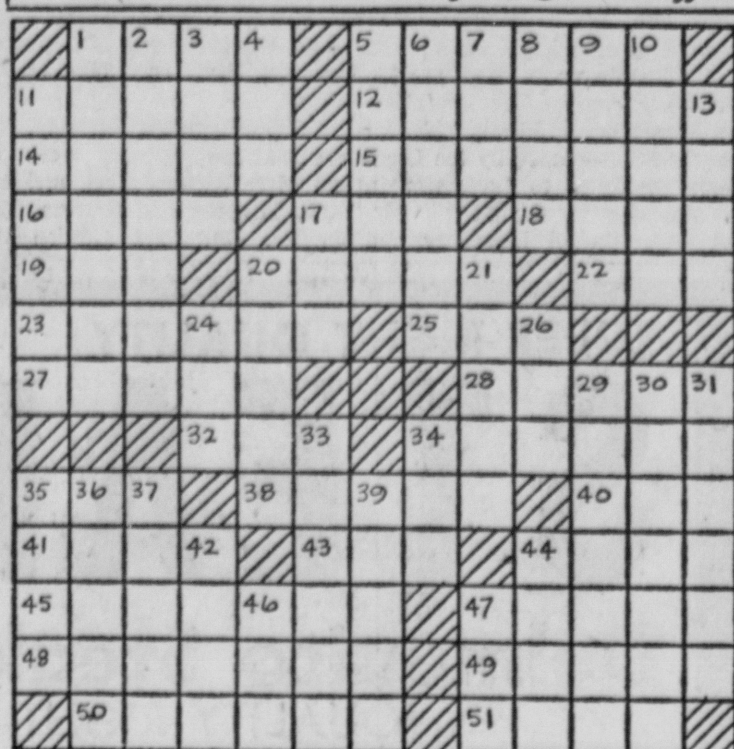

WASHINGTON (AP)—Rep. Daniel Flood, D-Pa., was convalescing at his Washington home today following his discharge from Georgetown University Hospital where doctors removed an obstruction of the esophagus.

Following the congressman's discharge Wednesday his surgeon, Dr. Charles A. Hufnagel said recovery had been "uneventful."

The doctor said Flood was expected to return to work after a brief convalescence.

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are extra on other cars. (Including automatic transmission, power steering and power braking.)

3RD SUSPECT IN SLAYINGS SURRENDERS

NEW YORK (AP)—Police have their hands on all three ex-convicts accused of the holdup-murders of two city detectives in Brooklyn.

The one who hid out the longest — Jerome Rosenberg — surrendered Wednesday night to the New York Daily News in its Manhattan headquarters.

Notified by the News, Assistant Chief Inspector Raymond V. Martin picked up Rosenberg in the editorial department and had him taken under heavy guard to a Brooklyn police station.

Police booked Rosenberg on a homicide charge shortly before dawn, after he had been questioned through the night and early morning and viewed by witnesses of last Friday's holdup.

Doctors' Orator

Dr. Edward R. Annis, 49-year-old Miami physician chosen by the American Medical Association to reply to President Kennedy on the issue of medical care for the aged, is shown as he prepared for the nationally televised show giving the AMA's position on the issue. The program originated in New York City. (AP Wirephoto)

Detectives said he said he is innocent.

QUIT ON BIRTHDAY

Rosenberg's surrender — described in a copyright story in the News — came five days and a few hours after the murders, and on Rosenberg's 25th birthday.

Police revealed last Monday that they knew the identities of the three bandits and that a nationwide search was under way.

Later that day, the alleged triggerman accused of staging the \$4,000 holdup of a tobacco company with Rosenberg, was caught in a motel in a Chicago suburb. The next day, the man accused of driving a car which was to have been used in a getaway surrendered in Norwich, Conn.

The Daily News said Rosenberg, "desperate on the fifth day after the murders," contacted his father, Louis, 56.

"TURN HIMSELF IN"

When the father turned to the News for advice, he was told: "Have him turn himself in. It's the only way."

The News informed police that the contact had been made, and that Rosenberg wanted to talk with representatives of the paper and state his case before facing police.

Such a discussion was authorized by police, the News said, and it quoted father and son as claiming young Rosenberg was innocent.

The other two men accused of the slayings have claimed innocence.

HELD WITHOUT BAIL

The pair, arraigned on homicide charges and held without bail Wednesday are Anthony (Baldy) Portelli, 26, accused of firing the shots that killed the two detectives, and Anthony Dellernia, 34, identified by police as the driver of the getaway car who panicked and left the robbers in the lurch when he heard gunfire in the tobacco company plant.

Slain detective John P. Finnegan, 29, was buried Wednesday after a funeral mass at a Roman Catholic Church in Brooklyn. There was a turnout of about 1,500 off-duty detectives, along with a 90-man police honor guard and 125 uniformed men—a tribute similar to that given the day before to Finnegan's partner, Luke J. Fallon, 56.

Girl Scout News

Brownie Troop 752 held a "tea" for the mothers of members and a mock fashion show Tuesday afternoon at St. Francis Xavier Catholic School. The unit is led by Mrs. Allan McDonnell, Mrs. Ira Ambrose and Mrs. Robert Redding.

Emmitsburg

MRS. RALPH LONG HI 7-2231

EMMITSBURG — The first of the church services for the Sodality of the Blessed Virgin of St. Joseph's Church was held Thursday evening at 7:30 o'clock in the church. Following the services, a meeting was held in St. Euphemia's Hall, with President Lorretta Adelsperger presiding.

New members will be received in December. The group decided on a turkey menu for the banquet to be held June 19 at Bucher's Restaurant at 6:30 p.m. Ladies of the parish who are not Sodality members will be invited to attend.

Rev. John Walsh, C.M., chaplain at Seton Institute, Baltimore, will speak. The members of the Sodality will serve the Knights of Columbus breakfast on Sunday following the 8:30 o'clock Mass. General chairmen of the affair are Mrs. Louis Topper and Mrs. Marie Rosentel.

Members are asked to volunteer to assist in the kitchen and dining room. The group will make a pilgrimage to the Grotto July 19 at 7:30 p.m. Services will consist of Rosary, Litany and Benediction. Refreshments were served and cards were played.

The children's choir of St. Joseph's Church held a party recently in St. Euphemia's Hall. The group played games, danced and sang hymns. Refreshments were served. Mrs. Louis Rosentel is the director.

The Francis X. Elder American Legion Auxiliary will be host to the members of the Western Maryland District Sunday at the post home. Dinner will be served at 1 p.m., followed by the district meeting.

Dentists Oppose
New Medical Plan

READING, Pa. (AP)—The Pennsylvania Dental Association was on record today as opposed to medical care for the aged under the administration proposed King-Anderson Bill.

The association voted unanimously Wednesday to approve a resolution condemning the measure and any other plan designed to tie medical care to the social security program.

The association, which wound up a four-day convention at nearby Galen Hall, elected Dr. Charles S. McDermott, Pittsburgh, president, succeeding Dr. Reuben E. V. Miller, Easton. Dr. Jay H. Eshleman, Philadelphia, was named president-elect.

Other officers elected: Dr. W. A. Phreaner, Springfield, first vice president; Dr. William F. Swanson, Pittsburgh, second vice president; Dr. Isaac Sissman, Pittsburgh, secretary, and Dr. John C. Piscator, Philadelphia, treasurer.

JFK REGIME ASSAILED BY STEEL PREXY

NEW YORK (AP)—A steel company executive today bitterly assailed the Kennedy administration, saying it seeks to set prices and wages and to "undermine the profit system that has made our nation great."

Allison R. Maxwell Jr., president of the Pittsburgh Steel Co., called on industry leaders to vigorously oppose "a tiny handful of government officials whose pursuit of power over business and industry exceeds their understanding of the public interest."

The public interest frequently was cited by President Kennedy in his successful campaign to force withdrawal of a \$6 a ton price increase posted by seven major steel producers last April 10 and 11.

In an address prepared for a session of the 70th American Iron and Steel Institute, Maxwell also denounced one aspect of the White House anti-inflation policy as "insidious doctrine."

WAGE INCREASES

This is the "guideline" laid down for wage increases that are non-inflationary, approving those within the limits of gains in productivity of the economy.

"Raises have exceeded productivity gains by such wide margins, and for so many years, that increases equalling these gains are already being paid well in advance and for many years to come," Maxwell said.

In his speech, titled "Steel's Profit Problem," Maxwell said improved earnings were essential to attract investment funds needed to modernize steelmaking facilities and keep the industry competitive with foreign steelmakers and rival materials at home.

He said that while capital investment in 16 steel companies rose in the last 10 years from \$3.8 billion to \$11.6 billion, profits declined from 11.1 per cent to 5.8 per cent on the increased capital.

The industrialist, whose company has lost money in three of the last four years, accused the White House of picking out unrepresentative earnings figures of a few concerns for short periods and said it "implies that we are profiteering."

Pair Found Guilty
After Md. Hearing

In magistrate court action Wednesday in Frederick, two men arrested shortly after noon Tuesday in Emmitsburg by Chief Wilmer Law were tried. The two were John Toth, charged with exceeding 25 in the town of Emmitsburg and with operating without a license, and David Walker, a student at Georgetown University, charged with permitting an unlicensed person to operate his car.

Chief Law said that the two had asked for an immediate trial, if possible, since Walker had to be in Washington later in the day. Walker said that he was driving from Scranton to Washington and picked up Toth, a hitchhiker, at about 8 a.m. and let Toth drive since Walker said he was tired.

They were charged when Chief Law observed Walker's car, driven by Toth, passing through Emmitsburg at about 50 miles per hour.

Both men were found guilty. Toth was sentenced to five days in jail on each charge, and Walker was fined \$10 for his offense.

Vietnamese Given
Death Sentence

SAIGON, South Viet Nam (AP)—A special military tribunal sentenced three Vietnamese to death today for plotting to assassinate U.S. Ambassador Frederick E. Nolting Jr. with a hand grenade last July 8.

The tribunal also sentenced a soldier to death for spying for the Communist Viet Cong.

Three other Vietnamese were convicted of being accomplices in the plot against Nolting. They were given 10 to 15 years at hard labor.

The death sentences now go to President Ngo Dinh Diem for confirmation or modification.

The grenade thrown at the ambassador's car did not go off. Defense attorneys claimed it was intended as a warning only and that the detonating pin was deliberately not pulled.

Officer's Trial
Ends On Hung Jury

PITTSBURGH (AP)—The perjury trial of Arthur Baker, former Pittsburgh police lieutenant, has ended in a hung jury.

A U. S. District Court jury reported early today after some 13 hours of deliberation that it was unable to reach a verdict.

Judge John W. McIlvaine dismissed the seven women and five men jurors.

J. Goldberg, a government attorney, said a new trial will be sought.

Baker is accused of lying to a federal racket-investigating grand jury about the number of times

Watches Husband's
Takeoff On Beach

CAPE CANAVERAL, Fla. (AP)—Rene Carpenter was reported somewhere on the beach today sharing the moment unobserved among other watchers when her husband, astronaut Malcolm Scott Carpenter, was hurled into orbital flight.

Mrs. Carpenter is the first of the astronauts' wives actually to witness a blastoff putting her husband into flight. Her whereabouts remained a mystery but it was reported she and her four children watched only a few miles from the launching pad.

LI. Col. John A. Powers, public affairs officer of the National Aeronautics and Space Administration, said Wednesday that Mrs. Carpenter had chosen to watch as a private citizen and preferred seclusion.

ROME (AP) — The world's largest church, St. Peter's Basilica, covers an area of nearly six acres, says the Catholic Digest.

Washing strawberries before you refrigerate them encourages mold and rot. When the berries come from the market and you want to hold them overnight, dump them into a shallow uncovered container and refrigerate them that way. Wash just before using.

If you want to cook fresh asparagus in a skillet, be sure to pare the stalks up to the buds; use a swivel-blade vegetable peeler for the paring job.

EMMY AWARDS "GOOD THING" IN TELEVISION

By CYNTHIA LOWRY
AP Radio-Television Writer

NEW YORK (AP)—There are still some bugs in the machinery of the Emmy awards, but this annual balloting within the television industry to reward its best efforts of the year is a fine idea in many ways.

First and most important, the total emphasis is on quality television, currently under so much criticism for its output.

It was noteworthy that on Tuesday night, the little gold statues most often went to programs that rarely, if ever, find their way onto any list of television's 10 or 20 most popular shows.

FEWER VIEWERS

"The Defenders" was voted the outstanding drama series. While it is a very popular CBS show, it is invariably watched by smaller numbers than routinely dial in "Wagon Train" or "Bonanza"—both Westerns which have been

standing at the head of all popularity lists this season.

Given their own choices, children would probably turn to cartoon shows like "Popeye" or old movie shorts like "The Little Rascals." But it was Leonard Bernstein and the New York Philharmonic Orchestra who won in the children's programming category for their young people's concert.

Of course, certain impossible situations are set up. How could one decide between "The Defenders" series, whose crew must turn out an complete hour-long program once a week or so, and the one-shot "Victoria Regina" that took much longer in preparation, or between a situation comedy like "Hazel" and "The Bob Newhart Show," humor of quite another kind?

ANSWERS QUESTIONS

The annual Emmy show answers specifically those critics who insist all television is a wasteland of mediocrity, violence and brutality, formula Westerns and private eyes and hard-sell commercials.

Recommended tonight: "CBS Reports," 10-11 (Eastern Daylight Time)—"Breaking the Trade Barrier," a look at the tariff situation.

POTOMAC PLAN ONE OF BEST

HAGERSTOWN, Md. (AP)—The U.S. Army Corps of Engineers' comprehensive study of the Potomac River Basin promises to be "one of the best coordinated plans for the development of the water resources of a major river basin to date," a Pennsylvania official said today.

In a speech prepared for a meeting here of the Interstate Commission on the Potomac River, Secretary Maurice K. Goddard of the Pennsylvania Department of Forests and Waters said the Army Engineers' plan "very ably embodies the coordinated use of large and small reservoirs to solve the water problems of a major river basin."

The plan, he added, provides for progressive development.

APPARENT SOON

"While the pressures of exploding population have not yet been felt in most upstream areas, these pressures, if predictions are any where near accurate, will be apparent in many upstream areas before too many years have passed."

A public hearing on the Engineers' recommended final plan will be held in Chambersburg, Pa., and the senior high school May 31, Goddard said.

"If the waters of the Potomac are to be controlled and regulated to provide maximum flood control and adequate supplies of good water to meet the demands of our growing population and industry, the understanding and cooperation of every citizen in the basin is required," he said.

Col. Glenn Named "Father Of Year"

NEW YORK (AP)—A man acclaimed for doing a good job above the earth today was honored for doing a good job on it. Marine Lt. Col. John H. Glenn Jr. was named the nation's "Father of the Year."

Although Glenn, as the first American to orbit this planet, has been as far away from his family as any man ever has been, he was rated tops as a family man by the

gram, the network said Wednesday. Downs also will continue on "Concentration," NBC-TV's daytime program.

However, he will leave the "Tonight" show, with which he has been associated since 1957.

Truck Driver Gets Stay Of Execution

RICHMOND, Va. (AP)—A former truck driver, who was scheduled to be put to death in the State Penitentiary Friday, has received another stay of execution.

He is Clyde Raymond Near, who was convicted three years ago in the bludgeoning slaying of Barry Steele Chapman, a counselor who was killed in his quarters at the Beaumont Industrial School for Boys in Powhatan County.

Gov. Albertis S. Harrison Jr. put off Near's execution Wednesday until June 29 to permit time for defense attorneys to file a petition for habeas corpus in U.S. District Court.

National Father's Day Committee. He and his wife, Anna Margaret, have two children, John David, 14, and Carolyn Ann, 13.

Billie Sol Estes Inquiry Leading To Persons "High Up" In Government Offices

By G. MILTON KELLY

WASHINGTON (AP) — Official investigative sources said Wednesday that evidence in the Billie Sol Estes case points toward persons "pretty darn high up" in Washington under both the Kennedy and Eisenhower administrations.

The informants, who declined to be identified or to elaborate, told in separate interviews that information has been uncovered indicating bigger names may be involved than any reported so far in the investigation of the indicted financier's alleged influence deals with government officials.

A grimmer probe into a mysterious death a year ago struck sparks in Franklin, Tex., Tuesday.

After a partial autopsy, a medical examiner indicated he believes Henry Marshall, an Agriculture Department agent who investigated Estes' farm operations, was murdered.

SHOT FIVE TIMES

The Harris County medical examiner, Dr. Joseph Jachoczyk, said he felt "strongly at this time that this is not a suicide."

The complete autopsy report, he said, will be available later this week after laboratory tests.

Marshall, 52, was found dead June 3, 1961, shot five times with a bolt-action .22 rifle. He was buried without an autopsy, his death officially sealed as a suicide.

When the Estes case flashed into national prominence authorities turned again to Marshall's death.

Marshall, as chief of production adjustment for the Texas Agricultural Stabilization and Conservation Office, had been investigating Estes' collecting of cotton allotments—an operation the Agriculture Department now says was

illegal.

After the autopsy, Dist. Atty. Bryan Russ said it indicated Marshall was shot in the back.

SUGGEST MURDER

"A tentative change of the verdict from suicide to murder would be suggested," Russ said.

Estes himself, the wheeler and dealer who built a business empire on cotton, storage of government grain and fertilizer, is expected to face a host of his creditors in El Paso today. Authorities doubt he will have much to say, figuring he will invoke the Fifth Amendment's provisions against possible self-incrimination.

Two congressional subcommittees in Washington and four grand juries in Texas are exploring the cloud of scandals and rumors surrounding the debris of Estes' operations.

He is awaiting trial on federal fraud charges and a Texas indictment accusing him of theft. He has declared himself bankrupt.

BLOW TO CREDITORS

The Agriculture Department announced Tuesday it will pull some 42 million bushels of government grain out of storage in elevators and warehouses owned by or connected with Estes.

The government has paid about \$4 million a year to store the grain.

The order was a blow to creditors who had hoped the government payments would pay off their claims against Estes.

Just how it would affect the Commercial Solvents Corp. of New York, whose financial relations with Estes are under scrutiny, remains to be seen, George A. Barnes, an assistant to Secretary of Agriculture Orville L.

Freeman, said the storage fees did not go directly to Estes, because he has assigned them to Commercial Solvents. Estes bought his liquid fertilizer from Commercial Solvents.

HELD UP PAYMENTS

Barnes said the department has held up all payments "since Estes got into this trouble in March."

The Agriculture Department has reported variously that payments on the Estes storage contracts totaled between \$7 million and \$9 million since 1959. The multiple investigations now seek to discover just how he got the contracts.

On Capitol Hill, a House subcommittee headed by Rep. L. H. Fountain, D-N.C., announced it would start public hearings Monday to "lay all the facts on the table" about the Estes case.

Fountain said Estes may be summoned as a witness but has not been subpoenaed. He announced no details of the evidence dug up by his staff of three.

OBSERVED FROM ABOVE

OTTAWA, Ill. (AP) — Motorists noticing an airplane overhead better check speedometers. At least 11,300 speeders have been arrested since the Illinois State Police started its air check method two years ago.

Cars are clocked between white lines placed on-eighth of a mile apart on the highway. When a speeder is spotted and clocked by the observer, the pilot radios a "catch" squad car in the area to make the arrest.

HE MIGHT ROOT

ROCHESTER, N. Y. (AP) — Sen. Kenneth B. Keating, R-N.Y., recently received this letter from a youngster:

"I don't like the law that says kids cannot have paper roots until they are 12, because I am 11 and I want a paper root. You can't get any good jobs, either. Can you do anything about it?"

Four Yankee Officers Are Wounded In So. Viet Nam

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — Four U.S. Army officers were wounded Wednesday in one of South Viet Nam's biggest victories over Communist guerrillas in a month. Another American sergeant was injured in a fall in another sector.

The four officers—two field advisers and two helicopter pilots—were struck by bullets and flying metal and windshield fragments when their helicopter was hit by Communist fire. The aircraft apparently was landing close to the target of a Vietnamese infantry

attack when it was hit.

All four were flown to Saigon for medical treatment, but only one was kept in a dispensary for further attention. He was suffering from a heel wound.

KILL 55 GUERRILLAS

The damaged helicopter was one of 14 that landed Vietnamese forces to take part in an attack in the Mekong River delta area south of Saigon.

Vietnamese military authorities said 55 guerrillas were killed and 18 captured in the battle.

President Ngo Dinh Diem's government also announced that 34 Viet Cong guerrillas were killed and 25 captured in actions Tuesday and last Friday.

The sergeant was injured Wednesday in a fall over a trip wire for a defensive land mine, a spokesman said.

The spokesman said the soldier's injuries were not serious. His name was not announced.

WOMAN RAPS ROMANCE OF LIZ, BURTON

WASHINGTON (AP)—Rep. Iris Blitch, Democrat, a grandmother-congresswoman, says Elizabeth Taylor's romance with Richard Burton will hurt the U.S. foreign aid program and leave the Communists chuckling.

She denounced the actress and actor Tuesday in the House and said she hopes Atty. Gen. Robert F. Kennedy will take the measures necessary to determine whether the two are ineligible for re-entry into this country on grounds of undesirability.

Miss Taylor, an English-born American citizen, has announced plans to divorce her fourth hus-

band, singer Eddie Fisher. Burton is a Welshman, a British citizen, and has a British wife.

Burton and Miss Taylor are in Rome for filming of the motion picture "Cleopatra."

HURT PRESTIGE

Mrs. Blitch said producers of the film have hurt the prestige of American womanhood abroad. She called the Roman affair "the world's most assiduously publicized piece of sexual vulgarity."

The 50-year-old congresswoman asked Congress to serve notice that Americans do not "condone such behavior by their nationals and those under their responsibility—that American womanhood is not depraved and wanton as depicted—that marriage and the family are still sacred institutions in these United States."

"Communists chuckle because the Roman spectacle seems to prove their thesis that capitalists are unscrupulous, depraved, wan-

ton and decadent and that capitalism breeds these undesirable traits," she said in a speech read in part before the House, and inserted in full in the Congressional Record.

She said because of "unscrupulous profiteers, the ugly American image gained a further boost. There cannot be any doubt that our foreign aid program has been directly affected by this revolting fiasco."

SAFE AND DISCREET

WEST MEMPHIS, Ark. (AP) — A West Memphis man and his wife take separate flights when they make trips by air. They have four small children and like to spread out the risks.

Recently the wife asked a young ticket agent for two tickets to the same city on separate planes.

"Honey," reassured the young lady, "It's all right to go on the same plane. Nobody'll know you're traveling together."

PROTOCOL IS NOT BOTHERING MR. KENNEDY

By FRANCES LEWINE

WASHINGTON (AP) — Protocol may be taming President Kennedy's casual approach to White House state dinners.

He conformed Tuesday night and all 116 guests went home on time from a dinner party for the president of the Ivory Coast.

Kennedy normally likes to linger and talk with his guests. But, if he doesn't leave a White House party, everyone else stays on that protocol.

Social pundits on Kennedy's staff have admitted they were frankly in a quandary over what to do with the amiable President. At one recent formal dinner his chatting in the corridor near the front door blocked the crowd from leaving and the party lasted from 8 p.m. until nearly 1 a.m.

Nobody minded.

Nobody minded, of course. They enjoyed the informality and the President's company and conversation. In fact, they were obviously charmed.

If you ask the White House social office, they explain it's customary for the President and his wife to see their guests of honor to the door and then retire to their private quarters. Thereafter, the remaining guests depart.

It's simple, but not quite as congenial as the President obviously likes to be.

Tuesday night, after joining in the applause for the American Ballet Theater's after-dinner performance of "Billy the Kid" in the East Ballroom, the Kennedys cordially saw to the door President and Mrs. Houphouet-Boigny. There was a minimum of chatting and Mrs. Kennedy firmly guided her husband upstairs to the living quarters.

The party was over at 11:30 p.m. Protocol had been practiced. But, there were no other outward signs that Kennedy is changing his approach.

His champagne toast had its touch of humor. He noted Houphouet-Boigny was elected by 98 per cent of the voters of his country. "A record," said Kennedy, "which has not been equaled recently in the United States—and from all I read will not be."

Mrs. Kennedy said she had learned from a guest that her television tour of the White House won Television Academy Emmy Award but she had no comment on it.

The tour won a special trustee award for the Columbia Broadcasting System for enterprise in producing it. And another trustee award was given to Mrs. Kennedy and accepted for her by Mrs. Lyndon B. Johnson, the vice president's wife.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Communist East Germany and Communist China both have refugee problems. The former acted. The latter hasn't. The failure of the Red Chinese to act is a puzzle.

One thing is obviously certain although it may not be the reason why so far the government of Communist China has taken no visible drastic steps to halt the refugee flight.

It can better afford to lose manpower than the Communists of East Germany. East Germany has only about 17.5 million people. In Red China there are about 670 million.

One of the worst advertisements for communism in East Germany—just across a frontier from amazingly prosperous West Germany—was that about 200,000 East Germans were fleeing westward yearly.

REFUGEES INCREASE

As the Berlin crisis increased last summer the flow of East German refugees was about 30,000 in July, or almost double the previous monthly rate.

In August, before the wall went up, the rate was doubling the July figure. About 2,000 a day were getting out.

Since the Red Chinese took over

the mainland of China in 1949 about 115,000 Chinese refugees a year poured into the British colony of Hong Kong.

In recent months—a reflection of belt-tightening times in Red China—the number of refugees shot up. The British, unable to accommodate this river of people, have been sending them back.

Only last April the Red Chinese leadership openly admitted that its "great leap forward" had landed in the mud, that the government had suffered natural calamities and a banded-up economy.

FOOD SHORTAGES

The China mainland had severe food shortages in recent years and had to import wheat. Family life was demoralized through the communes. Life for the Chinese peasantry was even harsher than in the past.

Several questions arise from the flight of the refugees to Hong Kong: was the Red Chinese government encouraging such flights because they meant fewer mouths to feed? There's no evidence so far to show this.

An optimistic Westerner might like to conclude that the flights somehow indicated some dilapidation and loss of control in the Red Chinese government. There's nothing to indicate this, either.

At the very moment last April that the regime was admitting failures, there was no sign of cracks or weakness but only a determination to plunge ahead to make the system work, even if it meant more work from the people.

At the moment—despite the bad publicity it gets from the refugee dash out of Red China to Hong Kong—it would seem reasonable to guess that government's attitude is that it has a lot of problems and a few thousand Chinese, more or less, won't make much difference.

If you are having more than eight people for a supper party and are setting one large or two or more small tables, it's appropriate to use place cards. For a party less than eight, name designations at places aren't necessary.

Lawrence Says State Will Support JFK's Medical Care Bill As Far As It Can

HARRISBURG (AP) — Pennsylvania is prepared to support President Kennedy as far as it can in his proposal to link medical care for the aged with Social Security, says Gov. Lawrence.

"We are not going to use state funds in any respect whatever, but we are going to state the position of the state administration and how we feel about it," Lawrence declared at his news conference.

He also pledged the "vigorous support of the Democratic Party" in the state for the controversial proposal tying medical care to a program financed through boosted Social Security payments.

"We feel that medical care would be better handled through Social Security," he told newsmen. "We have stood for that and we are going to back the President on that program."

BEFORE CONGRESS

Kennedy's proposed program is now before Congress in the form of the King-Anderson Bill—a bill surrounded by controversy.

Just last Monday the American Medical Association attacked the plan as a "welfare state proposal" which threatens to lead to socialized medicine.

The Pennsylvania Medical Society also opposes the Kennedy plan on similar grounds. Both societies advocate the Kerr-Mills Bill which was passed by Congress last year calling for a medical program financed on a voluntary basis.

Lawrence approved the bill reluctantly then, claiming it was better than nothing and that he didn't want Pennsylvania to lose any of the money made available under the program.

OPPOSE KERR-MILLS BILL

At Tuesday's news conference,

Lawrence aides restated their opposition to the Kerr-Mills Bill.

"It has been very dissatisfying in Pennsylvania," said Walter Giesey, the governor's executive secretary. He added:

"I think there were 779 people who withdrew from the program—who filed for it and then later withdrew their applications because of the various means tests that are applied. This has been the basic objection to Kerr-Mills—this pauperization of the applicant."

Lawrence agreed that the implementation of the Kerr-Mills Bill in Pennsylvania has been far from satisfactory.

"We feel that the situation would be much better handled through Social Security," he said.

WILL NOT LOBBY

However, the governor emphasized that the state would not lobby for passage of the King-Anderson Bill, nor would it use state funds to push it.

He also said there is nothing planned at the moment for use of Commonwealth personnel or officials to stump for the President's medicare proposal.

"Certainly they (state officials) will be encouraged to express their opinions," chimed in Giesey, "but they are not going out on a barnstorming tour for this alone."

In other news conference developments: Eisenhower Meeting—Lawrence told newsmen that former President Dwight D. Eisenhower has agreed to take a personal hand in the upcoming National Governors' Conference June 30 to July 4.

Eisenhower will play host to the governors at his Gettysburg farm July 1 for a tour of the famed Gettysburg Battlefield, Lawrence said. He met with the former

president for 25 minutes Tuesday morning.

PRIMARY ELECTION

Primary Election — Lawrence said he saw no particular significance in the voting patterns in the primary election May 15. The patterns seemed to be about what they always had been in the respective parties, he declared.

Berks County Judge — "No, I have not," the governor replied when asked if he had decided on a successor for Judge Ralph Body who was recently elevated to a federal judgeship.

He said he had interviewed Reading attorney Alan Hawman Jr. as a possible prospect.

Fine Trial — Shortly after his meeting with the newsmen, Gov. Lawrence went to Lewisburg to testify as a character witness on

behalf of former Gov. John S. Fine who is on trial on charges of income tax evasion.

MET 30 YEARS AGO

Lawrence told reporters he first met Fine, a Republican, in the governor's office some 30 years ago. The state chief executive's post was then held by Gov. Gifford Pinchot.

Both he and Fine, the governor indicated, were at work at the time mustering legislative support for Pinchot's program.

Recreation Program — A jurisdictional squabble between the federal Interior Department, Corp of Engineers and Forestry Service over control of recreational planning and development could slow down Pennsylvania's own recreation program, the governor agreed.

But, he added:

"I don't want to get into any interdepartmental hassles in the federal government."

However, he said he wants "to do everything I can to move those parks ahead because they mean so much to the state."

"Thrift" is an old-fashioned word, but it is obvious that millions of Americans still understand its meaning: More than eight million workers, employed by over 45,000 business firms, are buying Savings Bonds regularly on the Payroll Savings Plan.

Savings Bonds bought on the Payroll Savings Plan account for over 40 per cent of the \$4½ billion Series E and H bonds sold annually.

REDS HOLD U.S. CONVOY 6 HRS.

BERLIN (AP)—The Russians halted an outbound U.S. Army convoy Wednesday, then allowed it to proceed after a vigorous American protest charging the action was illegal.

The convoy—four trucks, two trailers and 26 soldiers—was delayed almost six hours, the U.S. Army said. The Soviets complained that no advance notice had been given. The convoy commander said notice was unnecessary.

The U.S. protest was sent to Maj. Gen. Andrei I. Solovyev, Soviet commander in Berlin.

The convoy belonged to Co. F,

of the U.S. 40th Armor. It was on its way to Grafenwoehr, in West Germany, for a tank firing exercise.

FILES PROTEST

At 6:15 a.m. it crossed into the Communist area that surrounds West Berlin. The first Soviet checkpoint on the 110-mile highway to West Germany is at Babelsberg, a suburb on the southwest edge of the city.

When the Soviets refused to allow the group to proceed, the convoy commander protested.

A higher level protest went to the Soviet headquarters at Karlshorst about five hours later and the convoy was cleared 28 minutes later, the U.S. Army said.

The last time there was trouble about a U.S. convoy on the autobahn was Dec. 1. The Soviets held

it up 75 minutes, saying that its papers were not in order. After a change in the written orders, the convoy was allowed to go on.

ID CARDS FOR CATTLE

FRANKFORT, Ky. (AP) — The state Department of Agriculture is taking steps to give every herd of cattle in Kentucky an identification card. Officials said each herd will be given a permanent number, allowing immediate location and identification of a herd in the event of a disease outbreak or other emergencies.

To remove fruit stains from washable fabrics, rub powdered borax into the spots. Then pour boiling water through them. Launder material as usual.

WRITER HAPPY WITH "EMMYS" GIVEN TUESDAY

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—If any people are really unhappy about Tuesday night's awards of Emmys, television's equivalent of the movies' Oscars, it must be the West Coast folk who proclaim so loudly that Hollywood is the television capital. Hollywood received 5 Emmys, compared with 15 for New York and 2 for Washington.

If there is another unhappy group it can only be the American Broadcasting Co. The network garnered but one during the evening, voted to Richard Rodgers for his score in last season's "Winston Churchill" series. NBC carried off 11 statues and CBS, 10. The award ceremonies, on NBC, was a fast, no-nonsense show, and it finished only about 20 minutes overtime, which is better than par. Instead of spending a lot of time on special material—kidding Westerns and television commercials—it limited speeches to a few seconds—Julie Harris was the

only one who cried—and, between presentations, used brief taped performances by the variety stars nominated for awards. This made good sense.

Speaking personally—and, after all, one's enjoyment of television is a very personal matter—this viewer thought the awards for the most part went into the hands of those most deserved them.

WELL DESERVED

While I would not complain for a moment about Julie Harris' award for playing the title role, I would, however, quibble about "Victoria Regina" as television's "Program of the Year." It was a fine show but it was merely a faithful adaptation of a play which had been a Broadway hit. CBS' "The Defenders" series made the record by picking up four of the precious statues—outstanding dramatic program, E. G. Marshall as outstanding series actor, writing and directorial awards, all thoroughly deserved.

Certainly no program merited its award more than the weekly variety "Garry Moore Show," which never seems to have an off night. Carol Burnett, of course, has no peer in her own comedy and song field. Neither does Shirley Booth have much competition in the acting field. She was picked for her "outstanding continued performance" as the star of "Hazel."

PEABODY AWARD

The "Bob Newhart Show" earlier won a Peabody Award for comedy and Tuesday night it got an Emmy for achievement in the field of humor. The program has been cancelled by its sponsor, so maybe next they'll give Bob an Emmy for outstanding irony.

The Huntley-Brinkley news team continued to be unbeatable, and David picked up an extra statue for his "Journal," which was voted best in the educational and public affairs area. I was happy to see Carl Reiner get some recognition for "The Dick Van Dyke Show," as a talented, if balding, writer.

A Lovelier You

PRESENT ARMS. Few are the feminine arms that measure up to sleeveless fashions. To be

perfectly presentable, the arm must be trim, firm and smooth.

Better take a critical look. Should you find a flaw, it probably would be easier to rid yourself of it than to find clothes with little cover-up sleeves. They are rare indeed in this summer's collections.

The following routines make a quick job of improvements:

1. To smooth and tone the arm complexion, lather up and scrub briskly during the daily bath. Massage elbows that need whitening with pumice stone or beauty grains.

Finish with a vigorous towel and a thorough hand-joint massage. Work upward from wrists to shoulders, using rotary motions.

2. If the arms are heavy or flabby, perform this slimmer and trimmer: Stand erect; raise arms forward, to shoulder level with palms down. Swing arms down and back as far as possible. Reverse swing and, at the top of it, flip palms up. Repeat 20 times, night and morning. Move in fast rhythm and work forcefully.

Only be faithful to these routines—never skip a day—and in six weeks your arms will be armed with beauty.

TRIMMERS AND SLIMMERS

Let me help you with the problem of a too-fleshy arm, chest or upper back by sending you my leaflet, TRIMMERS AND SLIMMERS. It contains a set of coordinated spot reducing exercises—easy to do, quick to get results. Just write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

FUND APPEAL IS POSTPONED BY SEMINARY

BUCK HILL FALLS, Pa. (AP)—The Philadelphia Lutheran Seminary has postponed until the fall of 1963 a major fund appeal to raise money to move the institution or undertake a large-scale building project.

The postponement was announced Tuesday by the Rev. Dr. Henry Bagger at a session of the annual convention of the Lutheran Ministerium of Pennsylvania.

Dr. Bagger, president of the seminary, previously announced his intention to resign at the end of this year.

The fund appeal was originally set for 1962-63, Dr. Bagger said, but was postponed pending efforts to merge the Philadelphia Seminary with the Lutheran Seminary at Gettysburg.

Bagger said the Gettysburg group has so far refused to move its campus to any place outside that city. But he said the door to further discussion remains open and plans for the Philadelphia seminary's 14-acre campus are flexible.

In other action Tuesday delegates were told a \$2,085,000 fund

Midget Races At Grove Next Sunday

WILLIAMS GROVE, Pa.—Can Tony Bonadies return to supremacy at Williams Grove Speedway? This question may well be answered Sunday afternoon when the American Racing Drivers Club, in cooperation with USAC, presents its first of four midget race cards at Bob Richwine's half-mile oval 10 miles southwest of Harrisburg.

Bonadies, who hails from the Bronx, New York, won both midget presentations in 1960 at "the Grove." Last year he finished fourth in the opening program, May 28, in the feature won by Reading's Ernie McCoy. He did not run in the August show last year but his car, the Frankfield Offy, was driven to a close second spot by Tony Romit, Cliffside Park, N.J.

In his more recent outings this year, Bonadies has come home first in features at Nazareth, Pa., and Westboro, Mass. He has been driving a brand new car, still labelled the Frankfield Offenhauser. This machine was constructed at a cost of some \$10,000.

Friday night, the stock cars will be back at "the Grove" for an action-packed five-event program. The Tobias-Mackison feud will resume at 8:30 p.m. While these boys are battling for the top spot in the point race, Leroy Felty and Neil Haight creep a

bit closer. Car failure on the part of any of the top four drivers will mean a change in the point standings.

After 12 seasons as line coach, Mike Cooney, class of Georgia '48, has the head coaching post at Lehigh University.

One American in four
has this disease

Physicians call it obesity, but it's just as unhealthy if we call it pounds—too many pounds. In some places a chief cause of early death is malnutrition but in this country the Grim Reaper's number one helper is overeating. Overweight people subject their heart and blood vessels to undue stresses and strains. Every ounce of excess flesh is a menace to health. Which is why so many of us diet today. And those of us who are wise see a physician first. We, as professional pharmacists, know how effective a doctor's advice can be.

Would-Be Bank Robber And Slayer Of Three Is Killed By Posse Near Troy, Ala.

OZARK, Ala. (AP) — A posse killed a would-be bank robber during a gun battle after he had slain two bank employees and a policeman and wounded two other men.

Dr. Eugene Simpson Gault, 43, a chiropractor, was shot to death Tuesday as he crouched between two tombstones in a rural church graveyard about 30 miles from this southeast Alabama town where he had tried to rob the Commercial Bank.

Officers said Gault killed Fred Flowers, 55, a bank vice president, and David Jackson, 33, a teller, during the abortive hold-up, then killed J. H. Youngblood, acting chief of police of Troy, Ala., during a frantic flight. He wounded another policeman during his escape attempt and a civilian during the gunfight at the cemetery.

GOT NO MONEY

Police and the bank president, Douglas Brown, gave these details:

Gault entered the bank about 2:30 p.m., with a pistol in his hand. Flowers ducked behind a counter but Gault jumped onto the counter and shot him. Jackson, the teller, let several women employees flee through a back door but he was shot down before he could get away.

Gault fled without getting any money and raced to Clio, a small town about 20 miles north of Ozark, where Police Chief Bill Roberts tried to stop him. The fugitive wounded Roberts and Roberts apparently winged him. Gault kept going, with a posse of Clio civilians trailing him.

Near Troy, 23 miles northwest of Clio, Gault killed his third victim—Youngblood. The Troy officer had seen the gunman drive behind a rural store.

A few minutes later two civilians reported spotting the fugitive's car outside Troy. Officers found the car parked behind a church next to a cemetery.

They closed in Gault, hunched down between two tombstones, exchanged shots with them. A civilian from Clio, Floyd Holland, was wounded.

9 IN WALLET

A highway patrolman, armed with a carbine, circled around behind Gault and killed him.

They found \$19 in his wallet. Gault had a chiropractic clinic in Prattville, a small town near Montgomery about 60 miles north of Ozark. A note found on the clinic door said: "Emergency called out. Please come or call for appointment Wednesday."

Dr. Henry Scott of Birmingham, secretary-treasurer of the Alabama State Chiropractic Association, said Gault had been dropped from the association rolls in June 1960 for nonpayment of dues.

York Springs

YORK SPRINGS — Clyde Group, Gardner R. D., is a patient in the Memorial Osteopathic Hospital in York. He recently suffered two heart attacks.

A/2C and Mrs. James Cashman, Myrtle Beach, S. C., are visiting their rents, Mr. and Mrs. Clyde Group and Mr. and Mrs. Horner Cashman. Mrs. Cashman was called home due to the illness of her father.

Mr. and Mrs. Roy M. Williams Jr. have returned home from a trip to Eugene, Ore., where they visited the latter's mother, Mrs. Dorothy Brinton. They also visited the World's Fair in Seattle, Wash.

A party was held Sunday at the home of Mr. and Mrs. Merie Huff in observance of the birthdays of Mrs. Lloyd Herring Jr., Dennis Herring and Ralph Bream Jr.

The celebrants received gifts. Refreshments were served by Mr. and Mrs. Huff. Those present were: Mr. and Mrs. Jerry Spence Jr. and their daughter, Dawn, Mr. and

Mrs. Eugene Herring and their children, Gary, Dennis, Brenda, Sharon, Diane and Nancy. Mr. and Mrs. Lloyd Herring Jr. and their children, Michael and Patricia, Mr. and Mrs. Ralph Bream Sr. and their child, Linda and Ralph Jr., Mrs. Annie Herring and Mrs. Bessie Bream.

Mrs. Zoe Snyder recently visited her son, Clifford, in New York City.

The annual spring clothing collection sponsored by the Church World Service and the Adams County Council of Churches is underway. Used clothing in good condition may be deposited at the churches before May 29.

A meeting of all who will assist with the York Springs Daily Vacation Bible School will be held in the Lutheran Church on Sunday, at 8 p.m. Materials will be distributed and plans for the school will be completed.

HEALTH IN RHYME TIME

Thunder and lightning
Are sometimes frightening.
Lightning kills some people.
About one in every 375,000.
Nobody wants to be that one.
It's hard to dodge lightning.
Don't stand under a tree,
Or in a large open space.
Drop that steel golf club.
Come in out of the storm.
A hard-top auto is safe.
A house or building is best.

MORE MUSIC IN MUSICALS

NEW YORK (AP) — Broadway composer Arthur Schwartz expects the score to become increasingly important in musical comedy.

"I foresee development of the form until a show might consist of from 80 to 90 per cent music and lyrics," he declares. Story and dancing would be subordinated.
